by any one save the Hastings. Tilton, Police Officer L. W. under lives at 510 Central avenue, set away from the Hastings. Hastings summoned Schroeder, a policeman found Tilton on floor in a dazed condition. Tilton speak after the officer's arrest.

wounded man was removed to emergency hospital and treated by physician Arthur Hieronymus. The hysterical wife, who, the man says, expressed a determination to kill him, was taken to the city jail.

Hastings accompanied the man and his wife and Mrs. Hastings remained all night with Mrs. Acting Chief of Police William W. Hastings is now taking the case of the principals in the case. The police are not yet prepared to express an opinion in the case.

The parents came from San Francisco this morning and made a call at the city hall, but declined Mrs. Tilton Jr. The mother of Mrs. Tilton was evidently laboring under excitement. She declared that her son was not shot by the father. Tilton ended to quiet her.

The parents were accompanied by a son, A. C. Tilton, of 1740 Ellis street. Walter Tilton and his wife lived in apartments in various parts of San Francisco before coming to Alameda. They were living at 1130 Alameda street, just beyond the city limits, when the tragedy came here to occupy the cottage while the Hastings family was away. Hastings is an ex-convict and is reputed to be in receipt of an income from the sale of several hundred dollars.

Tilton was a United States soldier and 24 years of age. Mrs. Tilton is 24 years of age. The couple have been married about four years. The mother of the case was of the attitude of the mother of Mrs. Tilton to reveal her identity. She gave the name to Acting Chief William W. Hastings and also discussed the case. She purchased Park street about 11 o'clock this morning and carried it to her daughter's prison, but the daughter was of the spell of the tragedy and to eat. The mother will undoubtedly be a witness at the trial.

Parts of the police to obtain a statement from Mrs. Tilton have proved fruitless. Only wild, excited and disconnected cries respond to questions of the police officers and to secure a statement from her has been abandoned until later.

Tilton's mother is said to be a lunatic. Attorney Sweeney of Sweeney appeared at police headquarters at 11:30 o'clock and asked for the police. The police told Sweeney that in jail was Mrs. Tilton and replied, "No, no, the mother, whom Sweeney then held a statement from Mrs. Tilton, the latter talking of killing throughout the interview. Interview Sweeney queried of Sergeant Walter O. Jacoby, "Do you hang together?"

WILD MAN SEEKS FOREST POSSE WILL RESCUE HIM

WILLIAMS, Ariz., July 15.—Richard McKee, a Santa Fe railway engineer, who since his mysterious disappearance two years ago has been living the life of a supposed wild man in the Cocino national forest in Northern Arizona, was seen yesterday for the second time in two weeks. Today a posse of officers was organized for the purpose of starting tomorrow an expedition to the innermost recesses of the forest with a view of capturing McKee, who is believed to be insane. The posse will be led by a brother of the missing man and will be financed, it is said, by a railroad union to which he belonged at the time of his disappearance.

HOUSE CLEANING AT WHITE HOUSE.

WASHINGTON, July 15.—President Wilson is sharing the fate of humbler American citizens. It is housecleaning time at the White House and he is being shifted around. While he watches the slow wheels of tariff and currency go round, Superintendent F. F. Gillen and twenty assistants are busily giving the executive mansion a \$20,000 spring housecleaning.

The principal changes will be made in the bedrooms of the Misses Wilson, where modern brass beds will replace the mahogany horrors formerly installed there and the dark papers will give way to more cheerful blues, light greens and yellows.

FAVORS HORSE FLESH FOR FOOD.

CHICAGO, July 15.—Plans for a banquet to remove the prejudice against the eating of horse flesh were announced today by Hugo Krause, superintendent of the Anti-Cruelty Society. It will be given in the stock yards district and will be the first feast of its kind in Chicago.

The popularizing of horse meat as food will prevent much of the cruelty these animals receive, Krause believes. He said there are 250,000 horses in Chicago and they last on an average of five years before becoming disabled. He asserts that after five years horses should be butchered for food instead of being worked longer or sent to the country for use there.

"There are a quarter of a million foreigners in Chicago who are accustomed to eating horse flesh," said Krause. "Horses are being slaughtered in Chicago today, the meat salted and shipped to Europe."

"There are 25,000 poor persons in the city who cannot afford to buy beef. They need meat for nourishment and could buy horse steaks at 10 and 15 cents."

BEGS TO BE SENT TO ASYLUM.

SACRAMENTO, July 15.—While Dr. F. W. Hatch, superintendent of state hospitals, was alone at work in his office in the capitol today, a well built, rugged fellow, with hair cut in "Dutch bowl" fashion, dressed in khaki, and wearing a knapsack and leggings covered with dust, walked into his room and asked if California had a law permitting voluntary admission to insane asylums.

The man, who said his name was Ray Williams, told Dr. Hatch that he had been in several hospitals, the last being Gowanad hospital, and that he had tramped from New York to walk off an approaching attack of insanity.

Dr. Hatch gave the man a voluntary application blank, and told him he could secure admission to Stockton. The stranger thanked the doctor and said he would strike out at once for the hospital so as to get there before the mania overtook him. He declined an offer of financial assistance.

DREW CAMINETTI IS AT WORK.

TAFT, July 15.—That Drew Caminetti, who is awaiting trial on a charge of white slavery, has been in Taft since last month, became known today when one of his mates working with a pipe-line crew tipped off that Caminetti, known to the men of the crew as "Blackie," had repeatedly telephoned to some unknown place and asked for messages for Drew Caminetti. Caminetti came to Taft shortly after June 1 from Sacramento and immediately hired out to a pipe-line contracting company. Because of his showing apt knowledge in the handling of men he was after several days put in charge of the crew. The sun of the desert, coupled with the necessity to be out in his blazing rays day after day, tanned him until he was almost black. Because of this the men of his crew nicknamed him "Blackie."

STREET COMMISSIONER RETURNS FROM VACATION

W. J. Bacaus, street commissioner, has returned from a week's vacation at Berkeley. While there he witnessed the immense forest fire in the Santa Cruz mountains, near the resort, and reports that only quick and effective work by the amateur fire fighters and government forest rangers prevented a repetition of the Mill Valley catastrophe.

STATE EMPLOYEE HAS ATTACK OF EPILEPSY

WASHINGTON, July 15.—College men are showing the greatest enthusiasm for military life and have the making of excellent soldiers, in the opinion of Major-General Leonard Wood.

PETITION AGAINST LIABILITY LAW

SACRAMENTO, July 15.—The first referendum petition directed against the employers' liability act, or workmen's compensation act of the last legislature, which was approved by the governor, was filed in the office of the secretary of state today. It came from Sonoma county and a total of 55 names were attached to the petition.

NAMES DRAWN FOR FEDERAL JURYMEN

SAN FRANCISCO, July 15.—Fifty names were drawn in the federal court today for a new grand jury which will be empaneled to serve for the next term. The names were drawn from the box and the jurors will be chosen and sworn later in the week.

SAILORS CHEAT DEATH.

NEW ORLEANS, July 15.—After manning the pumps for four days and nights without rest in a hurricane, Captain John A. Oliver and ten sailors were rescued from the schooner William A. Grouler July 1 by the German steamer Osa. Two hours before the disabled vessel sank 700 miles off the shore. The crew was landed in New Orleans today.

MIND IS BLANK.

ADDITIONAL COMPLICATIONS.

MEXICO CITY, July 14.—An additional complication in the relations between the United States and Mexico may result from the attitude assumed by the European diplomats stationed here. It became known today that all of them, acting in concert, have sent to their respective governments' identical notes, in which

the United States with reference to Mexico is contributing to revolutionary conditions at a suggestion that the representatives at Washington of the respective European countries be instructed to request recognition or that the United States assume responsibility for affairs here.

The newspapers today print little anti-American matter, such as characterized their columns for several days past. By order of President Huerta, all departments of the government were closed today and all government employees were given a holiday in honor of the French residents who celebrated the anniversary of the fall of the Bastille.

LONDON SAYS IT'S TRUE.

LONDON, July 15.—The statement from Mexico City regarding representations made to their respective governments by the European diplomats there on the subject of the position taken by the United States toward Mexico is officially confirmed.

The British foreign office, however declines to discuss the matter or to express any opinion on the ground the subject is too delicate.

BRYAN NON-COMMITTAL.

WASHINGTON, July 15.—Secretary Bryan was asked today if any foreign power had made representations to him regarding the position taken by the United States toward Mexico. He replied in a flat refusal to discuss the situation in any way. The diplomatic circle here has its own ideas of which power the inquiry one is, but in the absence of announcement from the State Department none of the diplomats will make any statement which could be quoted with authority. That one power has made inquiry, however, is known positively. No official of the State Department will discuss the situation.

TELLS RETURNS OF HIS COMPANY

Telephone Official on Stand in Hearing of Rate Case

SAN JOSE, July 15.—G. B. Bush, assistant general manager of the Pacific Telephone and Telegraph Company, returned his testimony this morning in the hearing of the Caminetti family case before Railroad Commissioner John McQuinn. He gave the gross earnings and the expenses of the company for the past year, figuring that the net returns on the investment were only 4 per cent. Minor testimony was given by other employees of the company in line with the contention by the company that rates in the San Jose local field are moderate. Bushman then announced that a final session would be held in San Francisco at some date to be fixed after the commissioners' experts had submitted their reports to the state board.

Another reason given to Senator Ashurst for desiring Hayden's removal as special attorney was his inexperience as a prosecutor. Hayden was chosen to conduct the case with Theodore J. Roche and Matthew J. Sullivan when the President accepted the resignation of T. S. Ashurst.

Later Senator Ashurst stated that one of the protesters against the selection of Hayden as State Senator J. B. Sanborn of Justice Senator Ashurst took pains to say that he was not attacking Hayden personally, but only calling in question his experience as a prosecutor.

SACK OF GOLD SALT; STRANGER HELD

A sack of gold was presented to William Stevenson, 1738 Seventh street, last night by a stranger who claimed to be a miner from Calaveras. Stevenson has had some experience in handling gold quartz, nuggets and "dust" and he inspected the ore closely. The exhibit proved to be heavily salted on the surface with gold, but the amount of precious metal in the sack, instead of attaining the valuation of \$150 set upon it by the owner, scarcely reached \$150. Stevenson held the man and had the police summoned. Inspectors Green, Gallagher and Smith rushed to the office and arrested the stranger who gave his name as John C. Milton. He is being held for investigation.

RICHMOND PLANS THREE GALA DAYS

Harbor Banquet, Entertainment of Secretary of Navy and Fair Projected

RICHMOND, July 15.—The plans are all laid and committees are at work upon the details of three different big days and nights of celebration at Richmond. The first will be a get-together banquet at Grand Canyon Chateau, within a week to be given by the members of the Richmond industrial com-

mittees, the officers of the various boost bodies and civic organizations and a hundred other citizens, for the purpose of rallying the efforts and success of the Richmond delegation which went on to Washington to present the harbor matter to Congress.

The next event will be upon the occasion of the visit to Richmond of Secretary of the Navy Daniels, now en route from Washington to the Pacific coast. Committees are arranging the details of the visit, including a harbor tour, an elaborate luncheon and short talks.

Following this, it is planned to hold a day and night celebration, street races and carnival to celebrate the opening of Ashland avenue, the new paved boulevard across the lands of the Santa Fe company which connects the two sides of the city. The new thoroughfare itself will be used as the scene of the festivities.

On all of these occasions it is planned to have here a number of men of prominence from the bay region, to be the city's honored guests.

ARRESTED FOR RIDING BICYCLE ON SIDEWALK

RICHMOND, July 15.—O. J. Gibbons, the well known exponent of socialism and economic problems, ran counter to the strong arm of the law Sunday evening and appeared for sentence this morning in police court.

Gibbons does not own an automobile, deeming such aristocratic luxuries not meet for a true exponent of socialism, so he rides a bicycle to and fro from the city and his fine suburban farm. He was speeding down Sixth street late Sunday evening on his bike and took a notion that the concrete sidewalks presented a more even surface than the rough street. Officer McGowan happened to be in the vicinity and placed Gibbons under arrest for violating a city ordinance. A wordy fight followed. Mr. Gibbons is eloquent and handed out much strong argument on the question of rights of individuals, police in general, etc. McGowan ordered him to appear in police court this morning and be ready for whatever punishment Police Judge Lindsey might deem proper.

The police judge fined Gibbons this morning and suspended sentence, which means that he wasn't fined, but he has been fined pretty heavily today by continual demands for cigars from many friends.

ENDORSE APPOINTMENTS TO POSTMASTERSHIPS

RICHMOND, July 15.—A complete list of those endorsed by the Democratic Central Committee of this county for appointment to the postmasterships in the various parts of the county are as follows:

Richmond, W. F. Pettison, chairman of the county central committee; Martinez, James Hoey, pioneer grocery man of that city and secretary of the Democratic Central Committee for the past 23 years. Antioch, James F. Sanders, who may succeed J. R. Baker, resigned; Phoebe, J. W. Towns, to succeed E. M. Downer, resigned; Walnut Creek, Mrs. Emma Hempstead, to succeed Mrs. Ellen Ford who resigned; Crockett, Kate Horgan who resigned.

RICHMOND NOTES

RICHMOND, July 15.—Albert Faust, an employee of the Pullman company, who resides in Oakland, had his left hand badly crushed at the Pullman shops yesterday. The injury was attended to at the local hospital, but it will be some time before he can resume his duties at the car shops here.

The new Gerlach hotel on the west side will be opened to the public on the first of next month by San Francisco parties, who have taken a long lease on the property.

Articles of incorporation for the Eiks' hall association of this city have been filed in the county clerk's office for lodge No. 1251. The trustees named are C. L. Abbott, A. C. Lang, A. G. Blige, C. J. Rahn and A. H. Burnett. The new Eiks' building is being rushed to early completion. It is costing, including site and furnishings, \$30,000.

A. Norling, who was arrested Sunday for automobile speeding on the city streets, was fined \$25 this morning by Police Judge Lindsey.

Mrs. Cornish, owner of the Casa Nomia apartments, is now the bride of D. D. Lee, a well-known resident of this city, the wedding having taken place quietly Sunday. They departed yesterday on a honeymoon trip to the southern part of the state by boat.

The entertainment to be given at Maple Hall on the evening of July 15 for the benefit of St. Mark's Catholic church, promises to be one of the most novel affairs of the kind ever given by any church organization in Richmond. Elaborate preparations are being made for the event.

The Eukalala Club, composed of city employees, has issued invitations for its annual dancing party, to be held at East Shore Park July 25.

Many of the members of Log Cabin Camp of the local Woodmen and their friends, witnessed the public installation of new officers last evening, and enjoyed the program which followed, concluding with refreshments and dancing. Oakland's Althea Camp was having a representation, accompanied by their first team.

W. B. Hollings, who for many years was a resident here and owned a large acreage of lands in this vicinity, died suddenly yesterday at BEN VALLEY, where he was residing at the home of his daughter.

Quinn White of Berkeley will hold its annual picnic at Alamo Lake Sunday. The boat of the club will be at the lake at 10 o'clock.

COMMITTEEMEN OF COUNCIL NAMED

New Mayor of Richmond Appoints Members to Handle City Affairs

RICHMOND, July 15.—A busy session of the city council was held last night at which many matters of importance to the city were disposed of, including extension of the sewer system, improvement of streets and appointment of committees by Mayor Ludwig.

In announcing his appointments as committeemen Mayor Ludwig recommended that all appointees keep in close touch with their work, and hold frequent committee meetings. He especially urged that the various committees meet often and go over matters pertaining to the police department with Chief of Police J. P. Arnold, as this department is becoming one of the most important in the municipality. He also requested the finance committee to meet often with the heads of the various city departments.

Finance—Follett, Fernald and Martlett. Police—Fernald, Gerrard and Follett. Building—Gerrard, Fernald and Penry. Street—Penry, Picton and Follett. Sewer—Picton, Lane and Follett. Light and Fire—Willis, Lane and Fernald. Ardianse—Gerrard, Picton and Penry. License—Hartnett, Lane and Penry. Water—Willis, Gerrard and Picton.

DISCUSS GAS TANK

The gas tank controversy with the gas company, which has been discussed at a prior session to prohibit the company from erecting such a storage reservoir here for its gas, with President Leach of the gas company present and giving his views upon the subject. Councilman Lane, who had interviewed many citizens in the vicinity of the site of the proposed gas tank, reported that he did not think the property owners were so much opposed to its erection as had been represented.

Four bids were received for the construction of the Meeker sewer, which is to be over half a mile long. The contractors and bids were as follows: R. Taper, \$123,068.62; R. B. Ayer, \$88,008.30; C. W. Lewis & Healey, \$71,147.57; William Healey, \$35,612.32. The contract was awarded to the lowest bidder and the work will begin at once.

Only one bid was submitted for the job of improving Nineteenth street, and upon being figured by the engineering department, was found to be a reasonable bid, and upon motion of Follett, the contract was awarded to the Barber Asphalt company.

WHO SHALL LIGHT SUBWAY

A communication from the Southern Pacific advised the council that the city of Richmond is maintaining the subway and that the city must provide red signal lights in the subway. The question arises then, if the city is responsible for the pillars, who then is responsible for the pillars? Upon motion of Councilman Willis, the matter has been referred to the city attorney for investigation.

Resolutions ordering the improvement of a portion of Eighteenth street were passed and bids called for July 23.

Resolutions of intention were adopted for the improvement of a portion of Twenty-third street.

NEW PICKETING PETITION

The city clerk reported that the petition filed calling for a referendum vote on the union picketing ordinance did not contain a sufficient number of names and that an amended petition had been filed, making it valid. Follette argued for immediate calling of the election while Lane and Picton were against it. Upon motion of Gerrard the matter was laid over one week and he suggested that the city attorney look into the law and ascertain if an ordinance can be framed which would prevent people from calling an election often than once a week.

Major D. M. McLaughlin was appointed as special commissioner to represent Richmond in making arrangements for a large participation in the Portola Festival at San Francisco.

The report of the city treasurer showed ample funds on hand for the taking care of all the proposed big improvements and other important municipal matters, including the highway, tunnel and wharves.

POPULAR LIBRARIAN TO WED DENVER RESIDENT

RICHMOND, July 15.—Miss Hatlie Casselman, the well known librarian of this city for a number of years and very popular among the young set, is to be united in wedlock to J. O. Weston, a former resident of Richmond, now residing in Denver, Colorado, the ceremony to be performed in that city on the 8th of next month. Miss Casselman has been an ardent worker in the church circles of this city, being identified closely with the First Methodist Church. Her resignation as librarian will take effect the 1st of August. Weston, while here, was in the employ of the Standard Oil Company. He left here a short time ago to accept a better position in the Colorado city.

PLAN TO REFORM U. S. LAW COURTS

American Judicature Society to Open Headquarters for Efficiency System

CHICAGO, July 15.—Efforts to reform law courts of the country will take concrete form on August 1, when headquarters of the newly formed American Judicature Society will be opened in this city.

Herbert Harley, secretary of the organization yesterday made public the names of lawyers who will serve as directors, as follows:

Henry Olson, chief justice of the Municipal Court of Chicago; Woodbridge N. Ferris, governor of Michigan; James Parker Hall, dean of the law school of the University of Chicago; Herbert Harley, secretary of the American Judicature Society; Frederick Bruce Johnston, Chicago; Albert M. Kales, professor of laws at Northwestern University, Evanston, Ill.; Frederick Lehmann, St. Louis, former president American Bar Association and former solicitor general of the United States; Nathan W. McCauley, Chicago; Roscoe Pound, professor of law at Harvard University; John H. Wigmore, dean North-western University Law School; John B. Winlow, chief justice of the Supreme Court of Wisconsin.

TO DRAFT LAWS.

William E. Higgins, of the University of Kansas Law School, has been granted two years' leave of absence to act as director of drafting of laws.

When model judiciary acts have been drafted they will be submitted first to a council of 300 of the foremost lawyers of the country for criticism, after which copies will be submitted for the guidance of state legislatures.

According to Secretary Harley, the country is awake to the necessity for reform of the courts to bring about real efficiency.

"The immediate purpose of the society is to prepare, after the fullest research and discussion, model judiciary acts calculated upon their adoption by the several states to reorganize judicial institutions upon an efficiency basis," said Mr. Harley. "The American people have signally failed in their efforts to bring about efficiency in their courts of law, but up to this time a scientific analysis of the defects of the system and a broad reconstruction program have been almost totally lacking. To provide a competent leadership to the purpose of the formation of this society."

TRUTH, SIMPLICITY IN 'EVERY WOMAN'

Sumptuous Production Begins Week's Engagement at Macdonough

Brilliant, "Everywoman" does not possess Truth, simplicity, novelty, sumptuousness, it has in quantity, that has been said of the modern morality play at the Macdonough theater, last night and tonight. "Everywoman" has been lavished on it since its premiere; story and review have been printed and re-printed in a host of magazines and newspapers. "Everywoman" probably is the best known modern play still haunting the boards.

It tells the story of Everywoman's quest for love of the pitiful that Flattery digs for her; of her spurning of Truth and her wooing of Folly. Modesty is kidnapped; Youth and Beauty die; Wealth, the false love, deserts; Everywoman is cast out into the streets. At last, when all is taken from her, she hears the voice of Truth, follows the "witch" and is led home, where she finds King Love the First awaiting her on the hearthstone.

The story is centuries old, the play's tale is a little new. It is a little need to make it twice told here. It is of the production, then, that much should be said. Henry Savage has lavished care on it, scenicly. The cast is not all ways equal to the occasion, showing only occasional flashes of understanding. Badly read are the lines, the very simplicity of which should make for ease of rendition.

That Adele Blood's "Everywoman" looks the part, there is no denial. To her physical beauty is added a charm which quickens the footlights and makes up for certain vocal deficiencies that manifest themselves when the lines of the play call for high pitch.

Miss Blood, a former Oakland girl, was welcomed by her friends in the audience and accorded due meed of praise for three-quarters of her work, which was good.

DON'T use a cough medicine containing irritants and do not cure only soothe the cough. Examine the label and if the medicine contains these harmful glysters refuse it. Foley's Honey and Tar Compound contains no opiates, is healing and soothing. Frank Young, Mgr., Wickwire Hotel, Hooper, Neb., says: "I recommend Foley's Honey and Tar Compound for coughs, colds and all other ailments. I used it myself and for my children, and it is the only medicine that always does the work." Wishart's Drug Store, 1001 Washington St., Cor. North and Third.

CHINA DISPATCHES TROOPS.

SHI Kai has ordered reinforcements dispatched to the province of Kiang-Si, where the cashedier governor and General Hwang-Hsing are leading rebellious troops. Heavy fighting has been going on at Kiu-Kiang, where the insurgents number 9000. The blowing up of a fort and other anti-government acts indicate that the "Young China" party is determined to force the issue.

SWINDLERS DEFRAUD INSURANCE COMPANY

PORTLAND, July 15.—Two indictments were returned today by the grand jury against James C. La France and Emily La France, his wife, who are accused of having perpetrated an insurance swindle a year ago whereby they profited to the extent of about \$13,000.

La France and his wife were arrested in Coos county, where they were living under an assumed name, after a body supposed to have been that of La France, had been found in Clackamas county and Mrs. La France had collected the insurance money. La France has confessed the swindle, but has told several conflicting stories of the manner in which he obtained the body which was "planted" on the Clackamas river, and that mystery is still unsolved.

La France has employed a local undertaker and two medical students as being accomplices, but proof of their guilt is lacking.

DIRECT GOVERNMENT FOR CHICAGO ENDORSED

CHICAGO, July 15.—The initiative, referendum and recall were endorsed last night by the city council by an overwhelming majority. By a vote of 60 to five, the aldermen passed a resolution asking a special session of the Legislature to submit to the voters of the state a constitutional amendment providing for the reform.

MRS. HELEN A. LEWIS CALLED BY DEATH

ALAMEDA, July 15.—Mrs. Helen A. Lewis, one of the old residents of Alameda and well known here, died yesterday at the residence of her daughter, Mrs. C. W. Brown, 1233 Park avenue. Mrs. Brown was the widow of John M. Lewis, besides her daughter, Mrs. Brown, she is survived by two sons, Edwin S. and Fred W. Lewis, and a daughter, Mrs. Hannah White. She was a native of New York, 82 years of age. She was the grandmother of Dr. Louis Brown, Mrs. Charles Brown, Mrs. Chester Seibert and Bertram, Dan and Miss Malvina Brown.

MANY DROWN IN HUNGARY.

LONDON, July 15.—Floods in the Maros-Torda district of Transylvania, Hungary, have caused the loss of eighty lives, according to a Central News dispatch from Budapest. Fifteen villages have been destroyed. In many places the water is five feet deep.

SMALL BOY STARTS A DISASTROUS FIRE

ALAMEDA, July 15.—A small boy whose identity has not yet been positively determined, started a disastrous fire in the yard of the old Mastick home, now the J. B. Gilbert property, yesterday afternoon. The boy fired the dead grass, and before the firemen got the blaze under control, several of the shrubbery and plants, Mrs. Gilbert's flower boxes, and a large lot of lumber were destroyed, as well as a lot of other property. The fire was caused by a small boy, about 10 years of age, who was taken into custody and that his father will be called upon to pay for the damage.

MOORE ESTATE APPRAISED.

SAN FRANCISCO, July 15.—R. F. Chilcott, acting inheritance tax appraiser of San Mateo county, in his report has appraised the estate of the late J. J. Moore, who was fatally shot by a chauffeur, at \$155,124.60. An inheritance tax of \$3791.39 has been paid on the amount of \$141,069.76 which represents the total estate subject to the state inheritance tax.

BIG SMOKESTACK IS RAZED BY DYNAMITE

REDDING, Cal., July 15.—The pressing of an electric button yesterday afternoon brought the 275-foot smokestack of the Balaklava Copper Company, in the smelting yard at Coram, to the ground, a ruin of bricks and mortar. The work was accomplished by means of 92 blasts around three-fourths of the circumference of the huge smokestack, all being set off simultaneously with an electric battery.

A large crowd assembled from Keenett and other nearby points to see the spire of bricks come down.

CLUBS IN FAVOR OF BOND PROJECT

Boosters Enthusiastic Over Prospects of Winning at Next Tuesday.

Enthusiastic support was pledged at two largely attended meetings last night for the bond election which will be held next Tuesday for the revamping of the municipal bonds. The project was endorsed by the members of the East Piedmont Heights Improvement Club following a speech by Commissioner of Public Works Harry S. Anderson. Anderson showed the great importance to the city of the coming election and the demoralization which would result if the bonds failed to carry.

At a later meeting before the members of the Federated Improvement Clubs of East Oakland Anderson was again given an enthusiastic hearing by a large audience and the proposition of revamping the bonds was endorsed and the individual members pledged themselves to work for and support the bonds.

A mass meeting will be held at the Fremont High school next Friday night at which the proposition will be fully taken up by the various improvement clubs east of Lake Merritt.

A meeting will be held tonight at the Piedmont school on Piedmont avenue, which will be addressed by Mayor Frank K. Mott and Assistant City Attorney Charles Beardsley. Mayor Mott, Beardsley, and Anderson will also speak tonight to the members of the Golden Gate Improvement Club in Klunkin hall, Fifty-ninth street and San Pablo avenue. Anderson will speak tonight at the Building Trades Council, 723 Twelfth street, urging the reissuing of the bonds.

Many Years' Test of Eckman's Alternative

For several years a large number of voluntarily written testimonials from persons who recovered from Lung Trouble have been received by the makers of Eckman's Alternative, a remedy for the treatment of Throat and Lung Troubles. Surely plenty of time to demonstrate its lasting value. You can write to any of them for confirmation. Here is one:

"Gentlemen: In the winter of 1908 I had an attack of Grippe, followed by pneumonia and later by Consumption. In the winter of 1909 I had cough, night sweats, fever and raised quantities of awful looking stuff and later I had more hemorrhages, at one time three in three successive days. Still and ever became so distasteful I could keep nothing down. Three physicians treated me, I was ordered to the mountains, but did not get any better. My alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."

(Attorney) ANNIE F. LOUGHRAN.
(Above abbreviated, more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and in upbuilding the nervous system. Does not contain narcotics, poisons or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Write the Eckman Laboratories, Philadelphia, Pa., for booklet, telling of recoveries and additional evidence.

ENVOYS COMPLETE THEIR INQUIRY

Soyeda and Kamiya to Report Popular Sentiment Here

SAN FRANCISCO, July 15.—Dr. Juchin Soyeda, former vice-minister of finance with the Japanese imperial government, and former president of the Industrial Bank of Japan, who was sent by the Associated Chambers of Commerce of Japan as a commissioner to investigate conditions in the United States, returned here today after a tour of six weeks of the various sections of the country, a month of which was spent in the east.

In a statement given out at the Fairmont Hotel last night, Dr. Soyeda and Kamiya indicated the tenor of the report which they will make to the Japanese chambers of commerce, and which will be filed with the Japanese Central Government for its information. The commissioners say they will report that they found a popular friendly sentiment toward Japan throughout the United States, with the exception of California, and that the business men of the country are universally in favor of maintaining and furthering the present friendly relations between the two nations.

government use. Its best efforts to secure to its nationals the privilege of becoming American citizens. Kamiya stated, with Dr. Soyeda concurring, that it was manifestly unjust for America to charge that the Japanese immigrants would not assimilate with the local communities, when they were not given the opportunity.

SITUATION DELICATE.

The anti-alien negotiations at Washington between the State Department and Ambassador Chinda, has created a very delicate situation, said the commissioners. Acting as spokesman for both, Kamiya said:

"It is a very delicate question, but we do not think war is probable. If it comes it will come through the actions of the United States. The Japanese have never fought and do not hope to fight through imperialistic methods, but only when their national honor is involved. But when it becomes a matter of Japanese we cannot tell what will happen."

"It has been said that the Japanese will not make good American citizens. I say to you that the oldest teaching of Japan requires the people to be loyal to the authority to which they are living. Japanese who have acquired property, homes, family, happiness, in this country, have their whole interest here, and nothing in Japan. In the event of a conflict between the two countries their teachings would lead them to take up arms in defense of their adopted country, and their mother country would approve of their conduct."

Dr. Soyeda and Kamiya will sail for the east tomorrow.

PRETTY FIFTEEN-YEAR-OLD GIRL MISSING

FRESNO, July 15.—Bertha DiBro, a pretty fifteen-year-old girl is being sought by the police at the request of her mother, who is W. A. DiBro, a young man who was seen in her company, is being held in the county jail on a charge of vagrancy pending the official investigation. Miss DiBro and Briet were seen in a local park Sunday night. Briet's story, according to the police, is that he brought the girl down town from the park and gave her street car fare to home. The girl never reached her home, and her mother is now looking for her. The mother can give no excuse for the girl's disappearance, as she claims that her home life was of the most pleasant.

FIRE FIGHTERS DO VALIANT WORK

Hayward Department Saves An Entire Block From Destruction

HAYWARD, July 15.—The work of the Hayward fire department in coping with a threatening blaze Saturday night in Castro street, has been warmly commended. Prompt action on the part of the firemen, under Fire Chief Manuel Riggs, undoubtedly saved the whole block of buildings from being destroyed. Although considerably handicapped by lack of water pressure, the flames at

WOULD BRING LEATHER PLANT TO HAYWARD

HAYWARD, July 15.—Endeavors are being made by W. J. Ramage and other representatives of the Hayward leather industry to establish a plant in Hayward. It is understood that the leather firm is favorably disposed toward the project, and several meetings have already been held between the directors and Hayward citizens, including members of the local chamber of commerce.

Should the firm establish a factory here, employment would be given to about 50 people, and considerable impetus would be given to business in Hayward.

COMMISSIONER OF LABOR IS HAYWARD VISITOR

HAYWARD, July 15.—Dr. Victor S. Clark, who has just come from the Hawaiian Islands, where he has been doing a year's commissioner of labor for Hawaii, yesterday visited H. R. Robinson of Hayward Chamber of Commerce.

Robinson and Clark are college chums, taking their degrees together at Minnesota university. Dr. Clark is now on his way to Washington, to become chief of one of the departments of the Carnegie Institute.

SINGLE SPEED BURNER APPEARS IN COURT

HAYWARD, July 15.—M. Leavitt appeared before Judge Charles Pomeroy yesterday, in answer to a charge of speeding. The speeding was in a solitary speeder yesterday was in contrast to the many defaulting motorists, that have lately been taken to court and the evidence that motorists are recognizing the enforcement of the speed law here.

Leavitt was fined \$5.00 for the charge of speeding and was fined \$5.00.

OAKLANDER BUYS DUBLIN ROAD HOME

HAYWARD, July 15.—Neal J. McKee, a prominent Oakland business man, has purchased the beautiful Kahn estate, a score of grounds which is situated on the Dublin road at the foot of Castro hill. McKee and his wife and family will take possession of the place in a few days.

Kahn, the former owner of the house, spent much money in making the place attractive.

BEDBUGS TRANSMIT GERM OF LEPROSY

PHILADELPHIA, July 15.—Since they have been charged with transmitting the germ of leprosy, the University of Pennsylvania the specialists of that institution have turned to bed bugs as a last resort.

Dr. Arch J. Smith, who is in charge of the work in experimental physiology, has been trying to isolate the germ of leprosy. First he tried rats, then gold fishes, and when it was discovered that they would not give the required results, he turned to the biggest red bed bugs he could secure.

In telling of his experiments Dr. Smith said today: "The tests with animals were unsatisfactory. They did not exhibit the disease in the form in which we wanted it. I thought that the bed bug would produce better results, and it has."

"I inoculated ten of the pests with the leprosy virus and in a short time the animals found that the germ was multiplying. The entire alimentary canal, salivary glands and other glands of their bodies became so involved that there was no question that the disease had taken effect."

Within forty days after inoculation the experimenters entirely disappeared and then we inoculated them again."

"We are constantly extending our experiments with bed bugs and by fall we hope to have made such headway that we will be able to determine the germ."

WACHTMEISTER GIVEN FREEDOM ON PAROLE

LEAVENWORTH, Kas., July 15.—Charles Wachmeister of Detroit, one of the men convicted at the dynamite conspiracy trial at Indianapolis, was given his freedom from the federal prison on parole yesterday. Wachmeister was sentenced to the prison for a year and a day. He applied for a parole in June.

S. P. R. S. I. HOLDS FINE CONVENTION

Many Delegates Throng San Leandro in Natty White Uniforms

SAN LEANDRO, July 15.—The delegates to the S. P. R. S. I. convention have taken San Leandro by storm. When they are not in session during the day the delegates in their natty white uniforms and neat caps parade through the streets and are shown round by members of local lodges.

A pleasing spectacle was the thronging of the streets of the town accompanied by their band and with a tall majordomo leading the way. Many visitors from Oakland and other bay cities visited San Leandro yesterday to view the reception to the grand officers and delegates in the Masonic Temple last night in a manner broke the ice of ceremony and the visitors and members of the San Leandro lodges

expressed the warmest sympathy for the S. P. R. S. I. The reception was a most successful one and to an excellent musical entertainment furnished by local talent. Representatives of the leading Portuguese societies in town were represented at the reception, including the S. P. R. S. I. I. D. E. S. and U. E. S.

Mayor J. J. Gill welcomed the delegates to San Leandro and hoped that the influential S. P. R. S. I. Society would make the town a center for its convention again in the near future.

A graceful response to the welcome was made by Grand President Mrs. Maria A. B. Encarnacao. Addresses were also made by Hon. John G. Mattos Jr., Grand Secretary Mrs. Maria A. S. Lemos, Hon. W. H. L. Hynes, Dr. Jose Leal d'Azevedo, J. N. Banks, Mrs. Maria Madiera, Mrs. Maria J. Gloria.

The session of the grand council convened this morning and continued throughout the afternoon. An entertainment in the Portuguese language will be given this evening in the Best Theater. The delegates, grand officers and visiting members will be escorted to San Lorenzo Grove tomorrow, where a grand barbecue will be held.

MARE ISLAND ACCOUNTS NOW BEING INSPECTED

VALLEJO, July 15.—Pay Inspector T. S. Jewett, general inspector for the navy pay corps, arrived at Mare Island yesterday for the inspection of the accounts of the pay office, the general storekeeper's department, the receiving ship and all other ships at the navy yard. The stores will be delivered to the cruiser Pittsburg, stationed in Mexican waters.

The six ensigns who reported at Mare Island Saturday from Annapolis for duty on the Pittsburg will make the trip south with the Bufile. As soon as his supplies have been delivered the Bufile will return to Mare Island.

The work of overhauling the gunboat Annapolis, which arrived Saturday from Central America, was begun today. It will require thirty days, Lieutenant Wilbur F. McConnell, radio officer in charge at Mare Island, received orders today to proceed to Point Loma and Point Arguilla for inspection of the naval radio stations, on which a general overhauling short-

The transport Buford, having undergone sixty days' repairs, moved down the harbor today to San Francisco and will make ready for the next regular trip to the Philippines.

STEFANSSON READY TO DEPART ON THURSDAY

NOME, Alaska, July 15.—The exploring steamer Kariuk, under command of Captain Robert A. Bartlett, sailed Sunday afternoon from Nome for Port Clarence, where minor repairs of her steering gear will be made and the boiler cleaned and inspected. Vilhjalmur Stefansson, commander of the expedition; Burt M. McConnell, meteorologist; James Murray, oceanographer, and George Williams, official photographer, remained in Nome, and will join the Kariuk at Port Clarence on Wednesday. For this purpose Stefansson will charter a small power schooner, which will also carry 33 dogs, three sleds and several tons of dog feed.

The actual departure of the expedition will be from Port Clarence, probably next Thursday.

The Kariuk will sail from Port Clarence for Herschel Island, where a large quantity of freight for the southern expedition will be landed, and where Dr. R. M. Anderson, commander of the Alaskan, may overtake them. Four members of the southern or Alaskan expedition, will accompany Stefansson to Herschel Island.

MEXICO MAY LOSE HEAD OF RAILROAD

President Brown Angry at Repeated Interference of Government Officials

MEXICO CITY, July 15.—Negotiations between the government and E. N. Brown, president of the National Railways, have come to such a deadlock that Mr. Brown has asked for a special meeting of the board of directors to name his successor and has reserved accommodations on a steamer sailing from Vera Cruz for the United States on Thursday.

President Brown has ended the negotiations with the government, following repeated protests against interference on the part of government officials with the operation of the railways. A statement from his office calls upon the directors definitely to determine his successor, and he declines to accept his previous proposal of resignation.

Since presenting his resignation, Brown has been urged by President Huerta to remain at the head of the railways, which post the American has held for many years. Brown stipulated conditions upon which he would remain in view of the failure of the directors to accept his previous proposal of resignation.

These, in a word, were that the government should not interfere in the business of his office. The federal administration appeared to realize the seriousness of permitting him to withdraw at this time, but it was not prepared to make the concessions demanded, which included the revision of a circular issued by former Minister of Finance Limantour several years ago providing for a gradual Mexicanization of the system.

That the government might even yet concede President Brown's terms is possible, but chances of this appear so slight that Mr. Brown has booked for passage to the United States.

The probable successor is unannounced, but it is believed that he will be Salvador Canino, now the government representative of the railways. President Brown's withdrawal carries with it that of General Manager Clark, and it is expected that C. R. Hudson, vice-president, J. M. Reid, the chief engineer of construction, and a number of other American officers will also resign.

BROWN'S STATEMENT

In his statement President Brown says:

"Under present conditions success for and with the railways seems impossible, and I do not feel that, in justice to my high reputation, I should remain and go down with the properties. The government owns the majority of the stock, and as it apparently sees fit to dictate to the management of the railways a certain line of policy, with which the management feels will not allow the properties to be successfully operated, I thought it best to ask the directors to relieve me of my position."

SOUTHERN REPUBLICS CHOOSE SITES AT FAIR

SAN FRANCISCO, July 15.—Once more the big guns boomed in salute to sister nations, the troops paraded, speeches were made and two new flags fluttered over the exposition site.

The republics of Guatemala and Honduras were added to the roll of participants in the 1915 fair yesterday, when sites for their buildings were dedicated and the deeds to the ground handed to the representatives of the republics.

Joaquin Mendez, envoy extraordinary and minister plenipotentiary for Guatemala and acting minister for Honduras, planted the flags of both countries in the fair grounds. Pauline Mendez, daughter of the minister, raised the Guatemalan flag, while Miss Amanda Echeverria hauled the flag of Honduras to the top of the staff.

Establishing a Right of Way

IT seems like pretty smooth sailing, when you get a clear line and have a telephone talk with a party in another city a thousand miles away.

You see nothing of the wonderful switchboards where skillful operators handle your call and the lines are "hooked up" to give you talk the right of way over two thousand miles of copper wire, guarded every inch of the way from all kinds of interference.

You scarcely realize that during every moment of your thousand-mile telephone talk, telephone apparatus and plant valued at from \$150,000 to \$500,000 are at your exclusive service.

In the Bell Telephone System 26,000,000 connections are made daily, giving clear tracks for the telephone talk of the nation and requiring over one billion dollars' worth of telephone equipment.

The Bond Election

There come times when private views must be subordinated to public necessity. There was such a time in Oakland when the work on the Hotel Oakland stopped and the building stood unfinished and forlorn, and its condition the subject of shame-faced and painful explanation to every stranger. In that time completion of the hotel became a public necessity. It was part of our claim to being a first-class city that can do things.

In that spirit THE TRIBUNE led the aspiration of our people that the hotel should not stand like the unfinished window in Aladdin's tower, as evidence of weakness and inefficiency, standing out every claim to progress and greatness. The hotel was finished. Its completion was the signal for public rejoicing, and though its administration may pass through a waiting period, the splendid building is there daily testifying to what Oakland can do. That was a private enterprise which still carried with it the highest of public interests.

We have considered long and carefully our duty in respect to the bond election of next Tuesday. First impressions ran to unsuitability of the time of such election, and not against the purpose of the election. A complete survey of the situation confirms the belief now that the highest public policy, and the most imperative public necessity, overbalance all unsuitability of time, and require that the bond vote shall carry.

Today we deal with that part of the bond election which involves no new issue of bonds and no increase in the volume of bonded debt already voted by the people. The people are asked to vote to make saleable the unsold portion of the harbor bonds voted in 1909 and the bonds voted in 1911 for the primary, grammar and high school buildings and the auditorium. The vote on these issues is to raise the rate of interest to a maximum of 5½ per cent, so that they can be sold and the money applied to the completion of the above buildings, all of which are contracted and most of which are so advanced in construction that if not finished now, before the rainy season, they will greatly deteriorate and the damage to them will approach or pass the amount of added interest to the bonds.

The people are to vote then, not on a new issue of bonds for the completion of these much needed buildings, but for a maximum increase of one per cent in the interest such bonds are to bear.

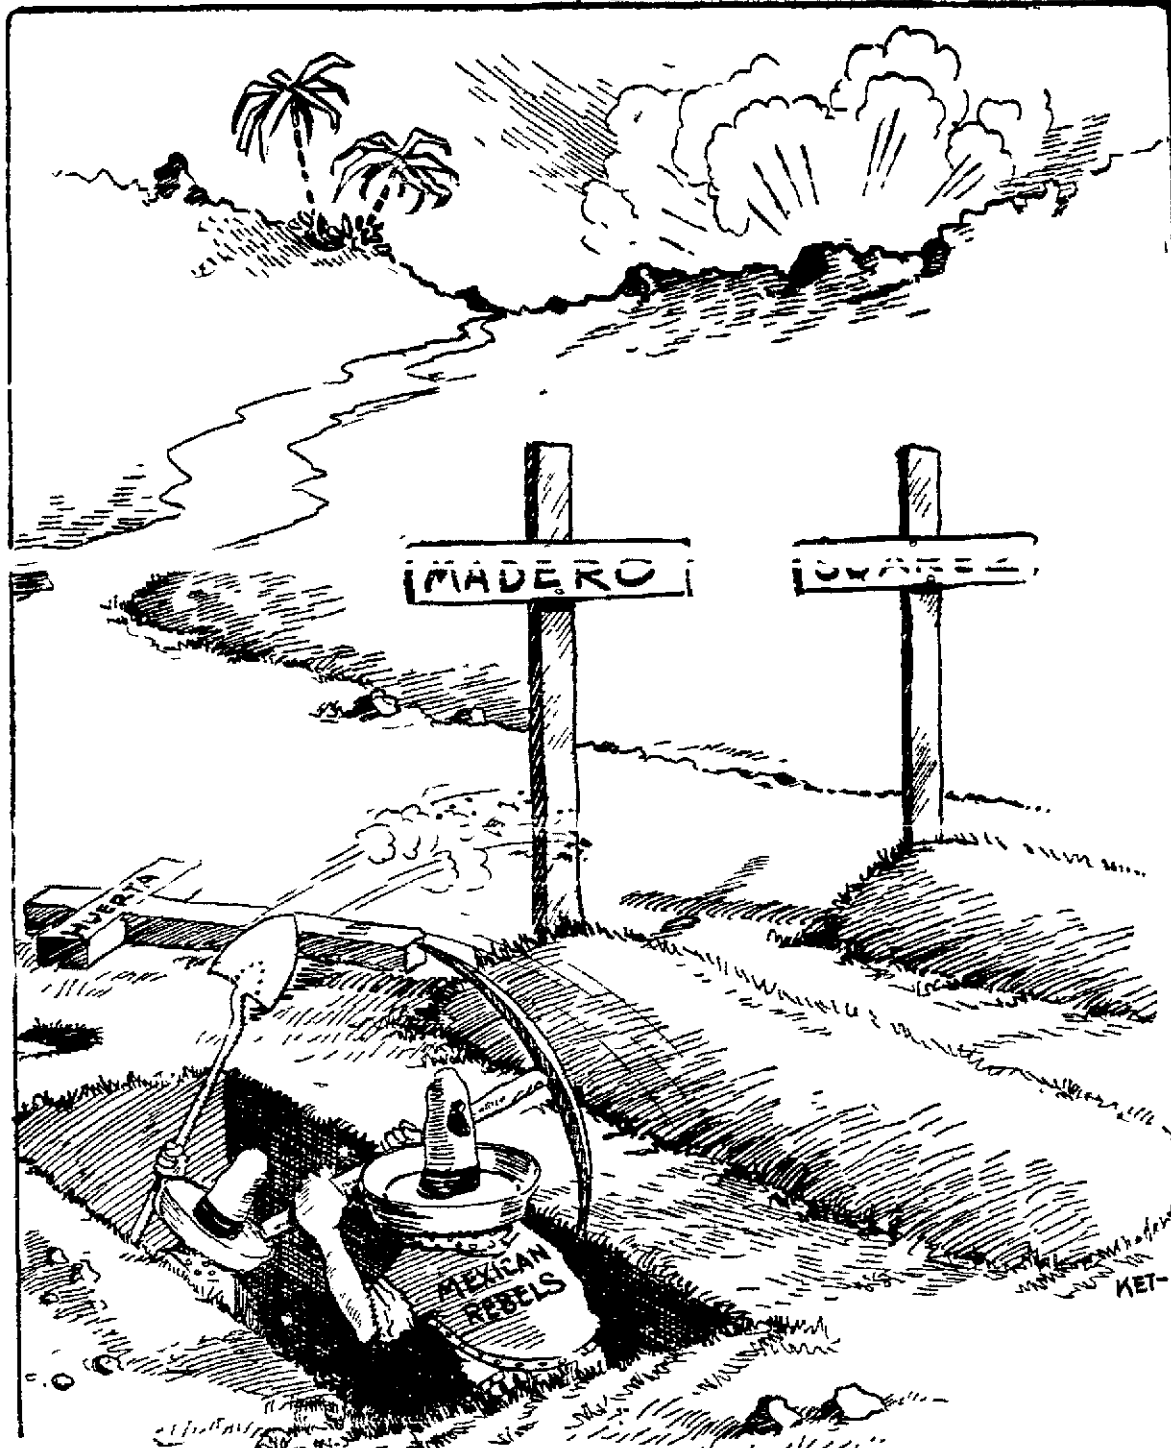

It may be asked, indeed, is asked, why did not the city government sell all these bonds when they were first voted and the interest at 4½ per cent made them attractive to bond buyers. The complete answer to this is that if the bonds had been sold two and three years ago, so long in advance of the use of the money, it would have lain unproductive in the vaults and the taxpayers would have been compelled to pay a very large sum in interest on money the benefits of which had not begun to return to them.

Keeping in mind, then, that the vote on the unsold bonds of 1909 and 1911 is not to increase the principal of our bonded debt one dollar, but by a small increase in the interest rate to make them saleable, the people should consider the necessity for such action and such saleability of the bonds.

The unfinished school buildings are needed by the children of the city. Unless they are finished we have no accommodations for a large percentage of our children. They are all under contract. They are all in an advanced stage of construction. They are all in a condition to receive the greatest damage by not being completed. Every consideration of pride, regard for the reputation of the city and for the rights of our children requires that these buildings be finished NOW. In a few months the rainy season will be upon us. It is the season of stress and trial amongst the laboring people. If we vote the slight increase in the interest on these bonds and work is resumed on the unfinished buildings, it will not increase our taxes a penny, but the money will practically all be paid out to labor, and we need not magnify the benefit to the whole city that will follow the payment of these millions of dollars to the working men of Oakland between now and the trying times of mid-winter.

Finally, we undertook all these great works as becoming to a city that this is a first class city. The undertaking wrote into a record where it will stand for all men to see, that it must be scratched out for all men to see. How do you like that? Remember that when such a record is made it is hard to restore, and even when restored the record is never after under the same conditions.

Shifting of U. S. Population Center.

The population abstract of the census which has just been published by the bureau shows that the center of population in the United States on April 15, 1910, was located in the western part of Bloomington City in Southern Indiana. Since 1790 the census bureau has kept close tab on the changes that have taken place each decade in the location of this population center. Its movement has been steadily to the westward; but during the 120 years in which it has been gauged, it has traveled only 557 miles. During the decade ending 1910, it shifted westward 38.9 miles, or nearly three times the distance covered between the years 1890 and 1900. But it traveled less than that of any decade between 1840 and 1890. The greatest advance in the movement of population westward in any decade since 1790 was that recorded in the census of 1860 when it had shifted 80.6 miles. That was the decade when the Pacific Coast States and Territories attracted an extraordinary influx of population following the discovery of gold in California in 1849 and the subsequent discovery of the same precious metal in Southern Oregon and the gold and silver bearing Comstock lode in Nevada before its close.

In all probability the next census will show a more pronounced shifting of the center of population westward than has occurred at any previous period in the history of the nation. The opening of the Panama canal is expected to have as marked an influence on the migration of the adventurous spirits of all nations toward the Pacific Coast as the discovery of gold had in 1849. In fact, the influx of agricultural immigrants from European countries in 1915 is likely to greatly exceed the numbers of the seekers for the golden fleece who flocked to this State sixty-four years ago, for the simple reason that the cost of transportation from all European ports to California will be vastly lower than it was in the days of the Argonauts, and the hunger for the ownership of land among the landless class of the Old World is even more intense than was the craving for gold among the adventurous forty-niners.

One of the most remarkable features associated with the growth of the population of the United States and the westward movement of its center of gravity, as it were, is the closeness with which it has clung from the beginning to the thirty-ninth parallel of latitude.

An Innocent Police Chief

Chief White is an example of how innocent and confiding a chief of police can be. His acquaintance with the town whose police force he heads and directs appears to be singularly limited. He did not know his detectives were consorting with thieves let alone allowing bunco men to operate under their protection. He is surprised to find that gambling joints masquerading as "social clubs" are running wide open, and that even members of the police force frequent them. Yet any saloon rounder could have informed him regarding the location and character of these joints. But Chief White manifests great energy and determination in locking the door after the horse has been stolen. It is his misfortune to be behind everybody else in making discoveries which only a man who keeps off the street at night and will not talk scandal could avoid making. Chief White is too good a man to deal with the men with whom he is compelled to associate and deal with personally. He is altogether too unsophisticated and trusting. His scrupulous avoidance of the vices of a great city has unfitted him to cope with evil men and evil things. A man more worldly wise and better acquainted with the ways that are dark and tricks that are vain is needed for the job he holds.

SINGULAR THINGS

Stockwell, England, where a hidden church over 600 years old has just been discovered, has hitherto been chiefly famous for its ghost, which set all London in an uproar in 1772. Making the furniture dance and the crockery fall was the ghost's specialty, though by way of variety an egg once flew across the room and hit the cat. Having excited London for some time, the ghost retired, leaving behind a firm belief in his supernatural origin, until many years later a servant admitted that long horse hairs attached to the crockery and wires to the furniture had enabled her to play the ghost so successfully that frightened beholders never even detected such open feints as throwing the egg at the cat.

Ralph of Coggeshall, an English abbot of the thirteenth century, told a staggering yarn: The Oxford Bahemmen brought up one day in their nets a sea man who had no hair on his head, but a long jagged beard. Kept in Oxford castle, he ate fish and meat both raw and cooked, but could not be made to speak. Yet, when the fisherman took him out one day for a swim, though he dived under the nets which they spread to prevent his escape and grinned derisively at them, he followed them back to land and captivity. At last, however, the "wild man" had had enough of it, managed to escape to sea and disappeared.

It was a Prussian royal wedding of 100 years ago that gave rise to the tradition of the "white lady," the famous Hohenzollern ghost. The Burggrave Albert, a young widow of the house of Oranienburg, but once thoughtlessly remarked that their wedding would be "impossible until four eyes are out of the way." He alluded to his uncle and brother, but she thought he meant her two little children, whom she accordingly murdered with a knitting needle. The horrified Albert forsook her and married Sophia of Hesse-Nassau, whereupon the erring widow went mad, died and ever since has haunted the royal palaces in mourning garb with a white veil.—Chicago News.

WROTE HARBURGER'S SPEECH

A political enemy of Mayor Cyrus Perkins Walker, who has already begun his campaign for re-election, stirred things up considerably at a recent meeting here of the Women's Protective League. The mayor was the principal speaker of the evening. When he arose he said he would read much of his address. He held in his hand what appeared to be a newspaper clipping.

Ladies and gentlemen," he began, "I want to say a word or two against the un-Americans of this city. These inciters of riots, regardless of nationality or creed—these vile cretinous hordes, these lopers against whom we should cry out 'Unclean! Unclean!' these treasonable ones who revel in blasphemous words—let them be driven out. I am opposed to sabotage, and—"

"Where'd you get that speech?" Al Hoskins, an anti-Walker Democrat murmured audibly at this point.

"I wrote it," replied the mayor, growing angry.

"You're stealing Sheriff Julius Harburger's stuff," said Hoskins. "He made that same speech the other day in New York. I read it in the paper."

The mayor became very angry. "I'll have you know," he said, "that I wrote most of Sheriff Harburger's speeches for him. He and I are old friends, and I send him almost every speech he makes."

The mayor grew so angry he had to retire. Hoskins says he doesn't believe Walker writes Harburger's speeches. The whole town is talking.

There is much indignation.—New York Telegraph

Use Blue Cross Methods If You Want Quicker and More Lasting Relief From Dyspepsia

To treat Dyspepsia correctly you must not only aid the Stomach to digest food properly, but also clear the Liver of poisons and cleanse the Intestines of fermented and undigested food. By doing this you do not only get quicker and more lasting results, but need far less medicine.

An excellent example of Blue Cross methods is the Blue Cross Dyspepsia Combination, the medically correct treatment for digestive disorders.

These Are the Medicines Contained in the Blue Cross Dyspepsia Combination:

- A are the Liver Tonic Tablets designed to clear the Liver of poisons and help it to secrete the proper amount of bile.
- B is Saline to cleanse the bowels of waste thrown off by the Liver.
- C are the Digestive Tablets designed to aid the Stomach to digest food properly.

Just As Simple As "A B C"

It is the best known treatment for Dyspepsia; it is an excellent treatment to take for those having occasional attacks after an unsatisfactory meal. And for those who are otherwise well but now and then get quite "up-to-the-mark" it is an excellent all around Stomach Pacifier, Liver Bracer and Bowel Cleanser. Take the medicines as directed and you'll get quicker and more lasting results than ever before.

GREAT CHORUS OF CHILDREN'S VOICES

Former President of Board of Education Plans Panama Pacific Specialty

A chorus of 3000 children to sing at the Panama-Pacific Exposition was the plan outlined last night by former president Calvin M. Orr of the board of education, who, at the meeting of the board, urged that plans be laid at once for this organization. A school orchestra of 500 members was also proposed.

"Musical Director John Smith," said Orr, "is planning a 1000-piece boys' band for the exposition. This movement should be given every encouragement, and I think the plan should be extended. Now we can form a chorus of 3000 school children without

band players would form a part of the orchestra and the string instruments could be recruited.

A. convention, reported on his trip and on the fact that he was eminently successful," he declared, "Barring the heat the trip was enjoyed. We got the convention with but little opposition."

In an effort to have the board rescind its action awarding the contract for supplying school coal to the lowest bidder, P. C. Frederickson of this city, Charles Howard, representing the Western Fuel Company, appeared before the board. Admitting that his company offered the higher bid, he declared that his coal was better. Purchasing Agent Harry Bridgeman said that both the coals were of the same quality, and pointed out that Frederickson's brand was the same sold by Howard's company to the San Francisco school department. The contract, as awarded Frederickson, was ratified.

O. B. Ackerman, contractor for the College avenue school, reported that work had been resumed there, as citizens in the neighborhood had agreed to aid him in getting his money. The warrants issued by the city are discounted at banks and the citizens pay the discount. This, he declared, did not relieve the city from responsibility and he said he insisted on all his rights from the city despite the aid of private citizens. Harold Everhart, one of those interested, requested that preparations be made for furnishing the school on its completion. This was ordered done.

Routine supplies and extras for school buildings were ordered.

LONG WALK TO HOSPITAL.
SACRAMENTO, July 15.—Walking from New York to Sacramento for the purpose of escaping the symptoms of insanity which he felt coming on, Ray Williams yesterday afternoon applied at the office of Dr. F. W. Hatch, general superintendent of the state hospital, for admittance into one of the hospitals of California. Dr. Hatch gave Williams a blank to fill an application for voluntary admittance to the Stockton state hospital, and the last seen of the man he was hurrying through the capital grounds going toward the Stockton road.

FORMER WELL-KNOWN POLITICIAN MISSING

ST. LOUIS, Mo., July 15.—George H. Stevenson, for many years one of the best known politicians in the state of Washington, is being sought by the Tacoma police on information that he is missing. A note to his wife, which she has declined to give out for publication, but the contents of which are known to the police, together with the fact that Stevenson left home with a revolver, is the reason advanced by the police for a search today that led them to the parks and along the waterfront.

Friends stated he had been ill and dispirited.

JOY RIDER SAYS HE'S JOHNSON'S SECRETARY

CHICAGO, July 15.—T. W. Seely, who said he was secretary to Governor Hiram Johnson of California, was arrested here yesterday, charged with auto speeding. Four companions, one a woman, also were arrested, but later were released on bonds.

SACRAMENTO, July 15.—T. W. Seely is unknown in the California state capital. Governor Johnson's secretaries are Al McCabe and Frank Griffin and it is believed Seely's representations are false.

ANIMAL QUARANTINE STATION.
WASHINGTON, July 15.—The California Congressional delegation will soon urge secretary of Agriculture Houston to establish an animal quarantine station at San Francisco. Secretary E. J. Sinclair of the California Live Stock Breeders' Association has written Representative Kahn asking that the delegation take the matter up with the Department of Agriculture.

FORMER LAUNDRYMAN A BURGLAR.
SEATTLE, July 15.—The man who was shot by a policeman Sunday night in the act of robbing a tailor shop was identified yesterday as Percy Ranne, formerly a laundry proprietor, who failed in business six months ago. In his pockets were 133c, rulers, rope, wire cutters and other tools, and bundles of clothing and cloth had been removed from the store. Ranne's right eye was shot out by the policeman.

WELCOMING SONG IN HONOR OF MISS WILSON

LANCASTER, Pa., July 15.—The "Song of Welcome" which Miss Blanche Nevins, the sculptress composed in honor of Miss Jessie Wilson, daughter of the President, who is soon to become the bride of Franklin D. Sayre of New York, was given out by Miss Nevins yesterday. It was by Miss Nevins' home that Miss Wilson met her fiancé and on a recent visit that the engagement was announced. This is the song.

Flung the door open and swung the gate wide.
Welcome the entering feet of the bride.
Eager the groom on the threshold stands.
Holding his arms and his love outstretched hands.
Blessed are you who true love win—
In heat of summer, in winter's cold;
This roof shall shelter young or old.
Come weal come woe, whatever betide,
Palm to palm, and side to side
Into this house of your true love's kin,
Jessie, come in, come in.

CHARGED WITH BIGAMY.
SAN FRANCISCO, July 15.—Benjamin Marks, a drummer for a local crockery company, is under arrest at the city prison on a charge of bigamy. He was placed in custody by Detectives Lord and Bakulich, who were instructed to investigate the case by Sergeant Dobbin, secretary to Captain Mooney.

BERKELEY Gossip of Students and Residents UNIVERSITY TOWN AND ALAMEDA

NEW CHAPTER OF D. A. R. CHARTERED

Secessionists From Older Organization in Berkeley to Start Anew

BERKELEY, July 15.—Berkeley's American Revolution has been constituted by the arrival of a charter for the John Rutledge chapter, but it arrives too late for Mrs. Adelaide Soule, who was one of the chief movers for its organization to enjoy the fruits of her labors. Mrs. Soule's death occurred last week, but the other women who with chapter of the same organization, will proceed to the institution of the new.

Mrs. Charles Freeman Pond, wife of Captain Pond of the United States Navy, is regent of the new chapter. Mrs. Leigh Richmond Smith, Mrs. Theodore Grant, Mrs. Harvey Darnell, Mrs. W. G. O'Brien and others are among its prominent members.

John Rutledge chapter is the result of a secession from the ranks of the Berkeley Hills chapter, which itself was an organization, Sierra chapter. While the members who resigned from Berkeley Hills chapter are in the ranks of the older chapter, the remaining members declare that the regent and her followers took exception to a rule which limited the term of office therein to two years. Mrs. Leigh Richmond Smith was the first regent of Berkeley Hills chapter. The "new" chapter is now the "John Rutledge" chapter of the State. Mrs. George F. Reinhardt is regent of Sierra chapter and Mrs. W. P. Edwards of Berkeley Hills chapter. The new lodge is named in honor of John Rutledge, who was chairman of the committee that framed the American constitution.

CREW SAVES SHIP.

NEW ORLEANS, July 15.—After manning the pumps for four days and nights without rest in a hurricane, Captain John A. Oliver and 10 sailors were rescued from the wreck of the German steamer Osage two hours before the disabled vessel sank 700 miles off the Azores. The crew was landed in New Orleans yesterday.

PAGES FINISH TOUR RETURN FROM EAST

MRS. ERNEST S. PAGE

BERKELEY, July 15.—Mr. and Mrs. Ernest S. Page are home from an extended tour of the East, during which they traveled 10,000 miles on the Atlantic seaboard visiting with friends and relatives. They are home in time to greet Miss Mary Page, who has returned from the summer from Tokyo where she is engaged in Y. M. C. A. work to visit her brothers, Ernest and Dr. Clarence Page.

The Pages returned from the East by way of the Canadian Pacific, stopping a few days at Banff and Lake Louise, and visiting friends also at Lake Campagna. Miss Mary Page is sharing her hospitality at present with Miss Edith Bates of Los Angeles, a graduate of the University of California. Miss Mary Page will return to Tokyo in September.

SPECIAL MUSICAL SETTING FOR "ELECTRA"

BERKELEY, July 15.—Margaret Anglin in a letter to the University of California, announces that William Furst has composed an extraordinary musical setting especially composed for her performance of the "Electra" of Sophocles which she will present at the Greek theater in September. Furst's composition is described as a strangely beautiful and purely Greek in character. In the arrangement of the music, Furst has used the most modern methods of orchestration, and the music is described as a masterpiece of modern music.

For Miss Anglin's Shakespearean repertoire, Furst will also arrange special settings which promise to be of an equally high standard of excellence.

The scores will be made to suit the spirit and action of the plays, in relatively the same manner as Miss Anglin is having the costumes and scenery meet the locale and specific requirements of the respective plays.

OBJECTS TO DREDGER SYSTEM OF DIKES

ALAMEDA, July 15.—Mayor Frank Otis has taken up the matter of the dredging of the dikes along the north side of the city, and has brought to the attention of the city council what he terms a "badly arranged" system of dikes erected and being filled in by the San Francisco Bridge Company. Otis says that the dikes are not constructed as to leave a narrow area of land between the north and south dikes, and the reclaimed area that is very low and holding rainwater for months. It is a menace to the health of the city.

Impossibility of draining this land without great expense is pointed out by Otis.

An effort is to be made to induce the bridge company to move the dikes further to the south so as to eliminate the objectionable feature.

WOODMEN TO DANCE

ALAMEDA, July 15.—Preparations have all been completed for the monthly shrubvase dance of the Alameda Modern Woodmen, to be held in Moose hall this evening, and indications are that the affair will be a gratifying success. Special music has been secured for the occasion. The following committee will have charge: J. H. Whitlock (floor manager), E. A. Fargo, A. C. Bidey, E. T. Bertelsen, R. D. Negley, G. B. Hartley. Dancing will begin at 8:30 o'clock.

CITY ATTORNEY HAS RESIGNED

Judge A. F. St. Sure Declines to Wait to Be Discharged by Alameda Council

ALAMEDA, July 15.—City Attorney A. F. St. Sure has resigned. He tendered his resignation to take effect August 21, ten days in advance of the date given by the progressive council majority for his discharge from city service and the induction into office of the new city attorney, Samuel Poorman. He was elected to the position in 1932.

St. Sure's tenure of office. The resignation will come before the council committee this evening.

The council minority and other friends of Judge St. Sure freely charge that politics of a pronounced nature is back of the election of Poorman to the office. St. Sure is a conservative and Poorman is one of the progressive leaders. Councilman Charles MacLean, one of the holdovers who has since joined the progressive ranks, says he understands when the campaign was being formed, MacLean says that Poorman abandoned a trip to Europe and returned to Alameda in order to remain in Alameda and devote time and money to the non-partisan council fight and that the council majority holds it is in duty bound to give him the office. The general rumor that Poorman was promised the place has created much speculation and talk as to whether the council majority is electing him city attorney will not be attacked on the ground that the election provision regarding pledges has been violated.

As Poorman was elected by resolution, it will be necessary for Mayor Frank Otis to either wait and approve or take a neutral stand in the matter. Should he veto the resolution a lively fight may ensue, as Councilman Bartlett did not vote with the rest of the majority for Poorman and should he finally support St. Sure the majority will lack one vote to carry the Poorman nomination over the mayor's veto.

BERKELEY CO-ED DIES OF TYPHOID

Miss Margaret Griffith, University Student, Passes Away.

BERKELEY, July 15.—Miss Margaret Griffith, daughter of Mr. and Mrs. W. G. Griffith of Berkeley, died last night at the home of Mrs. Kooser in San Jose, where she has been visiting. The cause of the death was typhoid fever. Her illness covered a period of six weeks.

Miss Griffith was twenty-four years old, and attended the University of California, where she was very popular among her fellow students, and was considered one of the most beautiful girls in the college. She was a member of the Kappa Kappa Gamma society.

She is survived by two sisters, Miss Ruth Griffith and Mrs. Katherine Young. Her father is a retired capitalist.

TRUCK CRASHES INTO DWELLING

Runaway Auto Goes Through Wall Into Dining Room

Propelled by the battering stroke of an electric train, a nine-ton auto truck of the Hagan Lumber company was hurled into the side wall of the home of Mrs. Paul Schwert, 701 Fallon street, and smashed about ten feet into the interior of the house. The truck broke a hole eight by ten feet through the wall of the house and brought up against the further wall. The driver and two employees of the company were seated on the truck and kept their seats when the truck was struck by the train and hurled through the wall.

The three men were apparently protected by the heavy dashboard of the auto truck. Had they attempted to leap from the careening car they would undoubtedly have been crushed against the wall or under the wheels.

Mrs. Schwert, who was preparing dinner at the time of the accident, thought at first that the earthquake of 1906 was being repeated, but on entering the adjoining room found the big auto truck in her dining room, with three frightened men crouching behind the dash board at the front of the machine.

PLAN AMERICAN SCHOOL OF OPERATIC TRAINING

BERKELEY, July 14.—Paul Stein-dorf, the indefatigable choragus of the University of California, and William F. Rochester, the well known stage manager and director, are now organizing the "American School of Opera," which seems destined to fill an important part in the future history of music on the Pacific Coast. Stein-dorf and Rochester are planning to establish a school for the operatic stage, and the school will have a practical purpose as well as being a place of instruction in this section of the country, and if the plans outlined by the founders mature as they hope, the American School of Opera, as they will call their institution, will soon take rank with the greatest operatic schools in the world.

Certainly no two men have had vaster or more valuable experience in dealing with big operatic achievements, nor have they had more practical experience in the operatic stage. Stein-dorf and Rochester are both well known in the operatic world, and their plans for the school are of a high order.

Stein-dorf is a stage manager of years of experience, having had his training in such schools as the old Tivoli in San Francisco, at which famous opera houses he staged over one hundred operas.

MY WORD, LUGGAGE VAN COMES DEUCEDELY LATE

Professional Pajamas Held Up, Art Critic Chafes at Berkeley.

UNIVERSITY OF CALIFORNIA, July 15.—The unattractive porter who attends to luggage at a certain stop-over place in the Grand Canyon of the Colorado interfered greatly with the course of the summer session yesterday when L. B. Stoughton-Holborn, distinguished Cambridge and Oxford art critic and lecturer, had to stand the platform in California without the manuscript of his opening lecture on "Art in Daily Life." For the porter had sidetracked Professor Stoughton-Holborn's personal effects and left the servant to come with them.

Stoughton-Holborn. Not only did the missing suitcase contain his manuscript, but it also contained his personal effects, his razor, his brush, and even money. He had missed a train at the Grand Canyon and the porter, with no regard for the professor's time, had left the suitcase in the baggage car.

Professor Stoughton-Holborn, who is a member of the faculty of the University of California, is a distinguished art critic and lecturer. He is also a member of the Cambridge and Oxford art critic and lecturer.

MUSICIANS PARADE OAKLAND STREETS

Great Band and Decorated Autos Make Showing in Pageant

Led by one of the largest brass bands ever seen in a parade on the streets of Oakland, a parade of musicians, bearing committees of the musicians, took place yesterday afternoon on the streets of Oakland. The parade was led by a great band, and the musicians were decorated with flags and bunting. The parade was a great success, and the musicians were well received by the people of Oakland.

The parade was held on the streets of Oakland, and the musicians were decorated with flags and bunting. The parade was a great success, and the musicians were well received by the people of Oakland.

MAYOR WRONG, IS JONES' BELIEF

Officials Hold Office Until Discharged Says "Daddy of the Charter"

BERKELEY, July 15.—Professor William Carey Jones, "daddy of the Berkeley charter," takes issue with Mayor Charles D. Hayward on the latter's contention that the charter provision for the appointment of officials is a biennial affair. In his efforts to oust City Attorney R. C. Staats, Mayor Hayward has sought to obtain a vote of reappointment for various officials, including Staats, but the council has refused to follow his lead.

Mayor Hayward's contention in justification of his stand the following charter section: "The council shall at the first regular meeting after the election of its members, or at such other time as may be determined by the council, proceed to the appointment of the chief officials of the city and the determination of their duties as provided in this section."

Professor Jones sustains the contention of the city attorney that this applies only to the first meeting after the adoption of the council and says the council was intended to apply only to the first meeting after the charter's adoption. Once appointed the officials hold office at the pleasure of the council or until resignation.

City Attorney Staats claims he still has the undivided support of the four members of the council against the mayor's effort to oust him. Among the other members of the council board that framed the charter are several who agree with the mayor in construction of the disputed section and others who agree with Staats.

UNIVERSITY OF CALIFORNIA, July 15.—The program has been announced for the first state art conference which the women of the California Federation of Women's Clubs will conduct at the summer session next Friday. In the absence of Mrs. Miguel Estrada, State chairman of the art section, Mrs. Edna S. Stoughton-Holborn, who will give the opening address.

The session is to open at 10:15 a. m., when President Mrs. J. W. Orr will give an address of welcome. Professor Ira W. Horwath of the University extension department will discuss "What the University Can Offer for Art in California," and Miss Susan Smith of the State library will consider "What the State Library Can Offer for Art in California."

Other speakers of the morning session will include Mrs. Rose V. Berry of the San Francisco district, who will give the address "The Art of the Future," and Mrs. R. S. Holway, Alameda district, who will give the address "The Art of the Past."

The afternoon program will include the following: "Some American Painters of Today," J. E. D. Trask, art director of the Panama-Pacific Exposition; "A Plea for the 'Pioneer Mother' Statue," Mrs. F. G. Sanborn; "The Philosophy of the Beautiful," Professor I. B. Stoughton-Holborn.

A general discussion will close the program.

THOMAS ATTACKS STOCK EXCHANGE

Democratic Senator in Speech on Tariff Brands it Gambling Hell

WASHINGTON, July 15.—Senator Thomas, Democrat, of Colorado, in a speech today defending the Wilson tariff bill of 1933 from responsibility for the financial panic which followed, charged former President Cleveland and the New York banks with conspiracy to precipitate a calamity to force repeal of the Sherman silver act.

Though denouncing the 1932 bill as "a most miserable piece of tariff reform," he brands the New York Stock Exchange as the "most prodigious gambling hell" of any age and "the Monte Carlo of American finance."

"It is the swindler's paradise," he continues. "It is a huge vampire that sucks the blood from the arteries of industry. It is an unincorporated, irresponsible monstrosity beyond the pale of laws. It is the antithesis of fair dealing and common honesty. It is the most corrupt and corrupting influence in the land."

ALAMEDA FREE LIBRARY TO UNDERGO REPAIRS

ALAMEDA, July 15.—The Alameda free library, which has been in constant operation without interior repairs since 1923, is to be closed for two weeks, beginning June 28, for extensive rehabilitation. The walls are to be redecorated in a cream color, instead of the present green shade. All books are to be called in and must be returned to the library not later than next Monday. Penalties for books held later than Monday will be imposed.

ARREST WEED GROWERS

BERKELEY, July 15.—Two other arrests have been made in Chief Vollmer's prosecution of property owners for violation of the weed ordinance as the forerunners of a score or more arrests for which warrants are soon to be asked.

Mrs. Eugenia Morch of 1619 Hopkins street and Frank M. Butler of 18 California street, San Francisco, were arrested and released on bail.

FIND JOKER IN KEITH OPENING

Artistic Hopkins Terrace Files Protest Against Land Company

BERKELEY, July 15.—Berkeley professor and artistic Hopkins Terrace tract believes it has a legitimate kick against the Cragmont Land company, and proceeded to state its objections to the city council this morning in no uncertain terms. According to the Hopkins Terrace tract, the Cragmont Land company is planning to build a water supply by opening Keith avenue into Cragmont is merely another way of persuading Hopkins Terrace to stand the costs of that opening.

"The benefits are all to accrue to the Cragmont Land company," suggested Harold W. Fairbanks, the writer, who is among the protesters. "The two-inch main which is thrown to us as a sop is not sufficient to supply the Hopkins tract, nor is the opening of the street any advantage to us."

The Hopkins Terrace tract, which is a part of the University of California graduate school, was another of the protesters. As were also Mrs. Mary B. Paddison, William C. Bartlett, Mrs. Carolyn Stein, Horley M. Leete, Mrs. Emma A. Kreutzer, A. L. Bolton, F. L. Denckie, C. L. McFarland and several others.

Hopkins Terrace No. 4, in Northeast Berkeley, has complained for some time of its lack of water supply, and it was recently arranged that Keith avenue should be extended and a two-inch main laid therein. This seemed satisfactory to the terrace dwellers until they learned that the street was to be of chief benefit to the Cragmont tract, in process now of exploitation, but that they were to share the costs.

Following the hearing of the protests by the council this morning, Commissioner E. Q. Turner's motion prevailed that the matter go over until August 12. In the interim, Turner will seek to secure a certified check from the Cragmont company covering half the cost of the work.

To the same date was put over the hearing on the opening of Neilson street. Protest had also been made to this.

The playground commission presented its needs for the ensuing year. According to F. W. Wallace of the commission it would take \$8000 for the proper improvement of San Pablo park. Various portions of equipment were also needed. The matter was taken under advisement for inclusion in the final budget.

To the city engineer was referred two propositions, for the improvement of Tenth street from Virginia street to Jones street for the construction of a sewer in Tenth street from Virginia street north. Permission was granted the West Coast Kalsomine company for the installation of boilers in its newly enlarged plant in West Berkeley.

MAY BE NAMED GOVERNOR GENERAL OF PHILIPPINES

WASHINGTON, July 15.—Oscar Terry Crosby, president of several public utility corporations at Wilmington, Del., Chester, Pa., and Trenton, N. J., is being considered by President Wilson for Governor General of the Philippines. Unless present plans are changed, his nomination probably will go to the Senate this week.

SCALDED BENEATH ENGINE

CLATSkanie, Or., July 15.—William Birkenfeld met with a horrible accident yesterday which resulted in his death. He was driving a donkey engine and it tipped, plowing him underneath, where he was scalded by the escaping steam. He was able to tell those who were working with him how to shut off the steam and extricate him, but he was so badly burned that he died shortly after he was taken to the hospital.

STEAL POCKET KNIVES

BERKELEY, July 15.—A burglar entered the hardware store of Alvin-Nelson company at Shattuck and Addison streets last night and stole eight dozen pearl-handled pocket knives valued at \$80. The cash register, which contained a small amount of money, was left untouched.

The burglar's admission by cutting the panel from a rear door.

LIFE-SAVER GETS SEVERE REBUFF

Rescue Not Equivalent to Introduction, Says School Teacher.

A boat once spoke of ingratitude as being sharper than a serpent's tooth. Gilbert C. Farley, assistant secretary of the Commercial Club, says he knows nothing of serpents' teeth, or any other branch of dentistry, but he learned today a little lesson in ingratitude. Miss Martha Stanley, an Eastern school teacher, in California for her summer vacation taught him the lesson. Farley saved Miss Stanley from drowning in Santa Cruz Sunday. He was there for a day at the seashore and being an enthusiastic swimmer, donned bathing suit and disappeared himself in the briny. Seated on the raft, about 100 yards out to sea, she saw him.

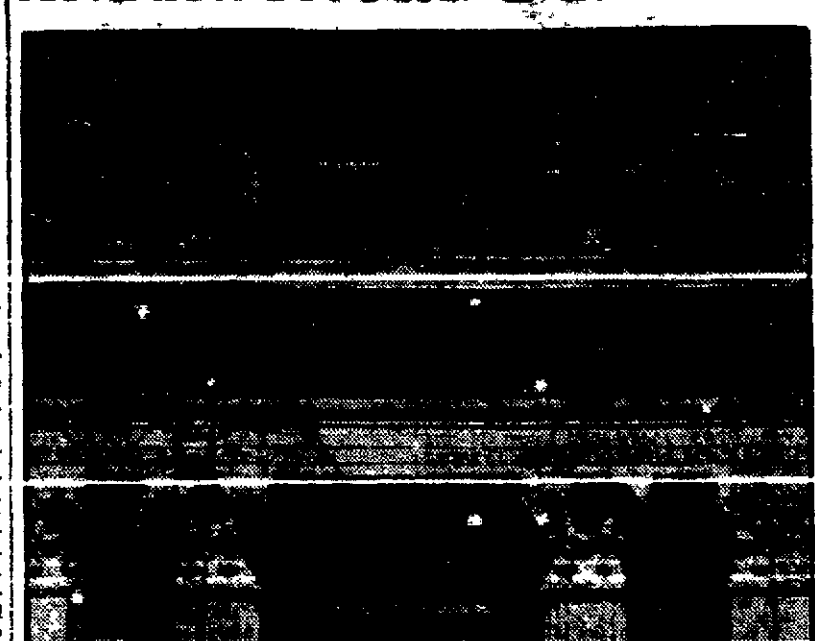

Farley, with a few quick strokes gained the young woman's side and hauled her to shore. There he escorted her to the door of the bathing pavilion. Later he met her and asked if there was anything he could do for her and at the same time presented his card. She replied that there was nothing she needed and he departed.

Today he received a letter bearing the mark of a Santa Cruz hotel. It incensed, with his card, given the young woman on the beach, the following note:

"Mr. Farley: I hope you will not consider saving my life equivalent to an introduction. Yours, 'MARTHA STANLEY.'"

ATTACKED BY THUGS. Patrolman W. J. Willis saw a man lying on the sidewalk at Nineteenth street and San Pablo avenue. The man got up as the policeman approached. He gave his name as O. W. Hall, a laborer for the Pacific Gas and Electric Company, at the First and Grove streets station and stated that he had been knocked down by several ruffians. He was suffering from a cut over the left eye, but refused to be taken to the hospital.

CITY HALL EAGLES EMERGE ANDERSON MADE 'EM SOAR

HERE ARE THE GIANT EAGLES WHICH STAND GUARD OVER PORTALS OF OAKLAND'S NEW CITY HALL.

Phoenix-like, out of the dust of wrecked City Hall, the new City Hall majestic eagles, perched above the main entrance of the new City Hall, have come into view, disclosing for the first time the superb beauties of the Washington street facade of the edifice. The old shack has been torn down to the first story, and the two of the archway over the main entrance, and the cornice have been uncovered and can be seen from San Pablo avenue and Fourteenth street.

Concerning the two eagles, a story is told by Supervising Architect J. J. Donovan. The eagles were designed in New York by Henry Hornbostel, and the designs sent to the terra cotta works in California. Shortly after the first models had been made, Commissioner Harry S. Anderson, with Donovan, Hornbostel and others, visited the terra cotta works to inspect the rough models. The eagles were on small stands of clay, just as they had been left by the workmen. They were greatly admired by Donovan and Hornbostel, smiling with satisfaction when he saw them. But Anderson was in a jesting mood, and he decided to amuse himself a little. "They look all right on the ground," said Anderson. "Where are they to go on the building?"

UNIDENTIFIED MAN IS FOUND DEAD

Suicide Suspected; May be Michael Atchity, Say the Police.

SAN FRANCISCO, July 15.—An unidentified man, who registered as Bram, was found dead in a lodging-house at 248 East street this morning with a gas tube in his mouth. Death was due to asphyxiation and quite evidently the case was one of suicide. The man was well dressed, and, according to a policeman on the beat, had been visiting numerous gambling resorts in the last few days. In his suit were found the initials "A. E." He is 5 feet 9 inches, weighed 150 pounds and has light hair and blue eyes.

A suspicion arises that he might be Michael Atchity, husband of Mrs. Beatrice Atchity, who disappeared after abandoning all of his money in a gambling den. An effort was made to have Mrs. Atchity look at the remains.

SALES OF FARMS CONTINUE LARGE

Solano Irrigated Properties Show Heavy Demand for Small Interior Holdings.

Sunday's sales at Solano Irrigated Farms amounted to \$85,582 constituting one of the heaviest days' transactions since A. T. Rice & Co. began selling the subdivisions three weeks ago. The special train bearing the excursionists was met by the Suisun brass band and 41 automobiles were in waiting to take the crowd over the property.

The land buyers, nearly all of whom were farmers who intend to develop their own estate, were keenly interested in Solano City townsite, which is to be put on the market August 1. Several of them also looked over the dairy farm tracts, six or seven of which from 300 to 500 acres in size, have been set aside in the second allotment of land east of the Oakland and Antioch line. The location is admirable for such an industry because of its quick touch with the markets of the bay cities.

Some farmers decided to back the establishment of dairies with its own capital by offering to stock the farms with cows, to be paid for out of the profits. Their decision was based upon the expert report of Thomas H. Means, who found that a cow's earnings on a butter fat basis would average \$80 per year, and that this income could be increased 25 per cent.

Milk and cream in Oakland. Three or four dairies, including one certified dairy, are expected to begin operations within the next few weeks.

MULHALL TESTIFIES ON LETTERS TO VAN CLEVE

One Was to Sherman, Arranging for Meeting With Van Cleve

Letter Read From Dr. Crockett Who Worked to Re-elect Littlefield

WASHINGTON, July 15.—Senator Reed started Martin M. Mulhall's "lobby" testimony today on letters written in 1907 to the late James W. Van Cleve as president of the National Manufacturers' Association. One was to Mr. Sherman, then secretary.

meeting with Van Cleve and Mulhall in New York on July 20, 1907. In a letter to Sherman on July 16 Mulhall wrote:

"I have just returned from the west and I feel that I have put the ball a-rolling in Indiana so that it will help Mr. Watson to re-nomination."

Senator Reed read a letter to Mulhall from Dr. J. Langley Crockett of Ansonima, Maine, dated July 4, 1913.

WORKED FOR LITTLEFIELD. Crockett was one of the men who worked with Mulhall in the fight to re-elect Former Congressman Littlefield. The doctor's letter was in part:

"I have just read your confession in the New York World. I believe it all excepting your statement that you are doing it for the good of humanity. This humanity business of yours I cannot swallow. Whether you do any good or not time alone can tell; but you surely have kicked up a stink in this neck of the woods. Now I want the whole story. Will you send it to me. I hope you are getting a good thing out of this, for you surely have debauched yourself."

CALLED "UNGRATEFUL PIRATES." "On the whole the people down here believe it. I think it is true. Oliver Otis is clamoring for me to be taken to Washington, D. C. and there be pumped. I am ready to go. I hope you are getting a good thing out of it or are putting the knife into some of the pirates that did not like you. You and I know they were an ungrateful bunch."

Now, don't talk down. Stand up for your colors! If you need me just call on me. I don't care if you sold my letters, but if you just gave them away it is mean of you. If you get enough out of it and need the price, why, I'll give you \$1000.00. I will not quarrel."

HAD ABLE SUPPORT. Fred C. Schwedman, secretary to President Van Cleve, wrote Mulhall on August 9, 1907:

There are some large things brewing and there is every indication that in our tariff campaign we have with us the majority of the Republican leading Congressmen and Senators and men higher up than that. Schwedman wrote Mulhall on September 8, 1907, bringing in the name of Mr. Taft, then secretary of war:

You saw, of course, where Secretary Taft referred to the National Association of Manufacturers at great length in his Columbus address. If we succeed in getting the council plans thoroughly established then our power for good will grow right along until next year during the presidential campaign we will be a factor of national importance that cannot be overlooked."

NOT NAMED BUT NUMBERED. "In the days of Cushing," testified Mulhall on another point, "there were never any books—and there never was any designation by name. We all had numbers. I was eleven. Littlefield was nine and Sherman was eight."

Senator Reed wanted to know more about the association's tariff and reciprocity tactics. "The National Association of Manufacturers created and solely created the tariff commission," declared Mulhall.

Before the Senate lobby committee resumed taking testimony today Chairman Overman went to the White

FACES SECOND TERM IN COUNTY'S PRISON

Never again, I've had enough," said Edward F. Johnson after his release from the county jail where he served a year's sentence for assault with a deadly weapon. His remarks were addressed to Clerk L. A. Randolph of the criminal department of the Superior Court. Johnson was released after 10 months in jail. This morning he appeared before Superior Judge Brown and pleaded guilty to having taken a watch from a woman's hand who had worked for the defendant's father. He had not been able to collect his pay and took the watch. As he has a "prior" it is likely that he will be sent back to jail.

SENATE AND HOUSE PASS ARBITRATION BILL

NEWLANDS LAW TO PREVENT STRIKE

Erie Railroad Problem to Be First Solved Under New Measure

Law Established Board of Mediation; With Power to Intervene

WASHINGTON, July 15.—The Newlands bill, revising the Erdman law, to provide arbitration of wage disputes in a manner satisfactory to railroads and their employees passed the House today without a roll call and was hurried to the Senate, which was waiting to pass it for President Wilson's signature. The House Judiciary committee, at an early meeting today, agreed to the bill as one for passage. No objection was made to Senator Newland's request for immediate consideration.

The Senate passed the Newlands bill without a roll call and it was hurriedly passed for transmission to the White House where President Wilson was ready to sign it.

With the passage of a new law, the appointment of a government commission of mediation is the next step. It is to be appointed by the president and will hold office for one year.

HOW CONFERENCE WAS ARRANGED

Just how yesterday's white house conference was brought about became known today when officials here stated that Mrs. J. Borden Hartman had informed them that a conference would be held unless agreement on a board of mediation could be obtained. As a result of her message, both President Wilson and Secretary Wilson were communicated with by Secretary Tamm and the conference subsequently was arranged with the help of Mr. Low, president of the National Civic Federation.

The argument made by the trainmen and conductors' representatives for an independent tribunal to settle labor disputes also became known today. A. B. Garretton, of the order of Railway Conductors, declared that demand for an independent commission had been begun before the department of labor was created and therefore his association meant no reflection on the secretary of labor in opposing the proposal to have the mediation board under the jurisdiction of any government department.

The railroad presidents acquiesced in the desire for an independent board.

MAKES MEDIATION POSSIBLE

Two amendments were determined upon by the House Judiciary committee. The Senate was expected to accept them without delay.

One aims to make impossible any construction that would allow the courts by injunction or otherwise to compel an employee to labor. The other was to provide details for filing the awards with district courts.

In its perfected form the new law would furnish machinery expected to open up the possibilities of arbitration and federal mediation.

The new law would establish the "United States board of mediation and conciliation" to consist of a federal commissioner of mediation and conciliation and two other officials of the government to be designated by the President. This board could be appealed to intervene in a railroad labor dispute by either party and would first use its best efforts, by mediation and conciliation, to bring the disputants to an agreement. Failure would be followed by an attempt on the part of the board to "induce the parties to submit their controversy to arbitration" and in case of arbitration special boards of either three or six mediators would be chosen by the railroads and the employees.

Arbitration under the Newlands law would be undertaken only after a definite agreement had been made by both parties to abide by the decision of the arbitration board for a stated period.

ERIE BLOCKS ARBITRATION

NEW YORK, July 15.—The status of the Erie railroad may be the first question demanding solution when proceedings are started under the proposed Newlands law looking to the arbitration of the demands of the conductors and trainmen against the eastern railroads. Erie officials said again today that they refused to be a party to any arbitration and the union leaders contend that no road can be dealt with individually. This might deadlock proceedings unless one or the other modified its stand or some compromise were reached.

Neither the union leaders nor the conference committee of railroad managers cared to discuss the Erie case today, although both sides held meetings to talk over the armistice agreed on at Washington yesterday. W. S. Carter, president of the Brotherhood of Firemen and Enginemen, met with a committee of that union today to draw up a set of specifications in which it is alleged that the railroads have not in all respects lived up to the terms of the recent award in the firemen's cases. This will be submitted to the conference committee tomorrow.

UNION COMMITTEE IN SESSION

Presidents Lee and Garretton of the Brotherhood of Railway Firemen and the Order of Railway Conductors respectively returned to New York from Washington today to meet with the so-called committee of 100 of the unions and report on the armistice with the eastern railroads reached yesterday whereby the wage dispute, to be arbitrated, under the Newlands bill. The committee will remain in session until the arbitration is concluded.

DENMARK FAVORS PEACE PLAN

COPENHAGEN, July 15.—The Danish government today announced that it favored the peace plan proposed by the conference committee of railroad managers and the union leaders.

FAIR BRIDES TO BE LED TO WEDDING ALTAR TOMORROW

Five Ceremonies of Local Social Interest Looked Forward to.

Tomorrow is going to be the day of brides, no less than five ceremonies of

arranged to take place on that date. And but one are quiet home weddings, as indeed most of the weddings of midsummer are apt to be, and the young couples have all planned to make their homes in Oakland after the wedding trips.

Those who will take the vows of matrimony tomorrow are Miss Gladys Shaw and Ralph Gardner Hewitt; Miss Dorothy Doyle and Charles Louis Dimmiller; Miss Eleanor Britton and Albert Ross; Miss Yvonne Greer and Adrian Thiel; and Miss Allen Glidden and William W. Palmer.

The Shaw-Hewitt nuptials will take place at the home of the bride's parents, Mr. and Mrs. H. K. Shaw, on Walsworth avenue, and will be attended by members of the immediate family only. Miss Franklin Shaw will be her sister's maid of honor and only attendant, and Coyne Buell, a former college classmate of the groom, will be the best man. The Reverend R. Franklin Hart of St. Paul's Episcopal church will officiate. After a wedding trip to the south Hewitt and his bride will reside in Oakland.

Miss Dorothy Doyle will become the bride of Charles Louis Dimmiller at the only church wedding of the day, taking place in Grace Episcopal Cathedral across the bay in the presence of a large number of guests. The wedding is the outcome of a college romance, as both young people are graduates of the University of California and are well known in the college set. The bride is the daughter of M. J. Doyle, instructor in manual training in a high school across the bay. Another wedding or the other side of the bay will be that of Miss Yvonne Greer and Adrian Thiel, which will be solemnized at the home of the bride on Alpine Terrace, San Francisco. Miss Adele Kelly will be the bride's only attendant, and J. Eddy will support the groom as best man. About fifty relatives and close friends will be present for the wedding and the elaborate supper to follow.

Miss Eleanor Britton has planned her wedding to Albert Ross with the utmost simplicity on account of a recent bereavement in her family. It will take place at the residence of the bride's parents, Mr. and Mrs. William Britton, in Claremont. The young couple will motor to Lake Tahoe for the wedding trip, and will reside in Piedmont upon their return.

The marriage of Miss Allen Glidden and William W. Palmer will take place at the home of the bride's aunt and uncle, Mr. and Mrs. S. L. Monet, in Petaluma Heights. They will take a honeymoon trip to the Yosemite and other places of interest, and will reside here upon their return. Miss Glidden has been away in Springfield, California, on Saturday, and the remains were shipped to Oakland for interment.

Shanley was a native of Ireland, 79 years of age. He is survived by four sons, Walter G., George M., James M. and William F. Shanley, and a daughter, Mrs. H. G. Barkley.

WILL HOLD SERVICES FOR LATE WM. P. SHANLEY

ALAMEDA, July 15.—The funeral of William P. Shanley, father of James M. Shanley, a member of the local board of education, will be held from the chapel of an Oakland undertaking parlor tomorrow morning. Deceased was formerly a resident of this city. He passed away in Springfield, California, on Saturday, and the remains were shipped to Oakland for interment.

TWO BRIDES OF TOMORROW—MISS GLADYS SHAW (LEFT) AND MISS ALLEN GLIDDEN (RIGHT).

CALL OF THE WILD LURES 3 FROM HOME

The call of the wild reached Mamie, Merle and Matthew Baldwin last night, and as a result the police received a telephone message from a frantic mother asking that her little ones be found.

Mamie likes the society moving picture dramas, where the heroine and hero wear the finest clothes, eat the choicest morsels and have the grandest manners imaginable. Merle and Matthew, like all little boys of 7 and 5 years of age, are partial to the wild west celluloid spectacles and would prefer to watch Sitting Bull "get shot up" than go to a Christmas tree entertainment.

The majority ruled last night, and in spite of the strongest opposition on the part of 10-year-old Mamie, who tugged for the sherberts and house parties in the pictures, Merle and Matthew went out and all three tramped down town where "The Rescued Blood" was being shown. If Mamie had had her way, they would have only gone to San Pablo avenue, three blocks away from their home at 969 First street, but she didn't—the opposition was too strong, and now the little lady will never have another chance to see "Alice De Vere's Proposal."

It takes a long time to walk down town, especially when the pedestrians are only 10, 7 and 5 years old. The reels were long—Sitting Bull refused to die in the first two thousand feet, and the walk back from town took a long time, for the three runaways were very tired. Mrs. Baldwin had begun to worry about them at 9 o'clock, when the San Pablo theater's first performance was over, and the children did not return. At 10 she telephoned to the police. At 10:30, weary but enthusiastic about their Indian friend—even before all expenses during the calendar year of 1912, exceeding all previous records, the enactment of the corporation tax law by \$400,000,000. This banner showing was displayed by the completion today of assessments made by Commissioner W. H. Osborn of the internal revenue bureau, under the corporation tax law.

LAND LEAGUE WILL GATHER IN BOSTON

LOS ANGELES, July 15.—Mrs. Haviland H. Lund, chairman of the executive committee of the newly organized Forward-to-the-Land League, left for the East today to represent California at the league's first convention in Boston, August 6 to 9. En route, Mr. Lund will stop in several cities to discuss the possibilities of the work mapped out by the new organization.

The forward-to-the-land movement is designed to bring superior results to the farmer, to eliminate frauds in the settlement of lands and to inspire social life in rural districts. It also aims to make farm life so attractive as to promote a general exodus from the congested sections of the large cities, thereby bringing relief to the tenement dwellers and eventually to the termination of the slums.

Mrs. Lund said today that the government of central states probably would attend the convention.

OBEY SCRIPTURAL ORDER TO "TAKE SPOILS," STEAL CLOTHES

LOS ANGELES, July 15.—Arrested for shoplifting, Ruth Joseph and her sisters-in-law, Misses Clara and Cora Joseph, declared today they had merely obeyed the scriptural injunction to the children of Israel to "take the spoils."

They told the police that in a religious vision they had been commanded to deck themselves in short dresses of flaming red, edged with deep blue and gray, and they had heeded not at all, but had gone forth into the downtown shopping district and taken goods valued at \$150.

"Eve caused the downfall of man in the beginning," they said, "and I shall not be tempted by the devil."

RECALL OF PASTOR PALMER SEEMSSURE

It has been disclosed that the First Congregational church's vote on the calling of Rev. Albert W. Palmer, as counted up to last Sunday, was 500 for and 70 against. This is the partial result of the balloting by letter and represents a little more than one-third of the voting strength of the congregation. It is expected that the complete vote will be announced next Sunday morning.

It is understood that Plymouth Congregational church, of which Rev. Palmer is pastor, has offered him a salary of \$4000 a year in an effort to prevent his acceptance of a call to Mount Pleasant Congregational church in Washington, D. C. The Oakland clergyman, who is in Europe on vacation, is to decide on an answer to the Washington church before the end of this month. There is now every indication that he will be called to the pastorate of the First Congregational church of this city, in which event the church would be consolidated and the latter operated as a "center." Two pulpits would be necessary under this arrangement.

BILLIONS EARNED BY CORPORATIONS

WASHINGTON, July 15.—Corporations of the United States earned \$3,394,000,000 before all expenses during the calendar year of 1912, exceeding all previous records, since the enactment of the corporation tax law by \$400,000,000. This banner showing was displayed by the completion today of assessments made by Commissioner W. H. Osborn of the internal revenue bureau, under the corporation tax law.

The increased prosperity of the corporations is expected to lead the federal government more than \$36,000,000, including \$3,000,000 of omitted taxes for previous years. This represents the greatest amount of corporation taxes ever assessed by the treasury, exceeding the returns of the previous year by \$7,000,000.

L. F. Spear, chief of the corporation tax division of the treasury, today said that the corporation earnings indicated that business conditions of 1912 are better than any previous year. The table of assessments showed that of more than sixty revenue districts making returns only ten showed decreases of these the first district of Wisconsin disclosed the most pronounced falling off, the amount being 72,512. Hawaii came next with a decrease of \$23,995.

WELL-KNOWN MASON ILL

ALAMEDA, July 15.—M. G. Strong, formerly in the lumber business in this city and a well-known Alameda Mason, is seriously ill at his home at 1200 Alameda. He was 60 years of age and had been in Alameda 10 years.

SEVERE STORM ADDS MISERY TO HEAT

Caprice of Weather Bestows Electrical Storms, Hot Waves and Snowfalls.

California Makes Ideal Showing With Moderate Temperature and Sunshine.

SAN FRANCISCO, July 15.—California is enjoying the only ideal weather in the country. Northern California and southern Idaho is getting some of it, but it is rather too warm on the Atlantic and Gulf states, and it is cloudy, with traces of rain, in the Middle West. The prospects are for a warmer temperature for tonight and tomorrow. A light north-west wind is blowing hereabouts and to the north a hot blast may be expected by noon tomorrow. Southern California may also look for a slight rise in the mercury, but on the whole the conditions are favorable.

Cloudy weather prevails in Oregon and Washington. In Missouri weather is clear and warm. There is rain in the Ohio valley and in the lake region. There have been only slight temperature changes in all sections.

FOUR PEOPLE PROSTRATED

LINCOLN, Neb., July 15.—Four people were prostrated here yesterday. The government thermometer on the street registered 116 degrees.

ONE HEAT VICTIM

HANCOCK, Iowa, July 15.—Yesterday's extreme heat claimed one victim in Hancock.

Russia Increases Demands on China

PEKING, China, July 15.—Russia suddenly presented today to the Chinese government new demands requiring recognition of the full autonomy of outer Mongolia, declaring China to be suzerain only, binding China to accept Russian intermediation and recognizing all the rights conceded to Russia by the agreement and protocol signed at Urga, the capital of Mongolia, on November 5, 1911.

Both houses of the Chinese parliament have been hastily summoned to consider the demands. Strong opposition to them is voiced by both Chinese and foreigners and great excitement prevails at the unexpected turn of events.

TRIBUNE MATINEE LEADS WILLIE ON TO POETRY

With Finest "Pome," He Raps the Dome; of Our Good Friend, the "Stay-at-Home," to Write for Tickets

Two days more, STAY-AT-HOMES.

THE TRIBUNE is wishing for the time to come as anxiously as you, for it knows that all you home-staying people under 16 whose folks take THE TRIBUNE—and who like a good time—will enjoy the afternoons of THURSDAY, JULY 17TH, and FRIDAY, JULY 18TH.

AT THE ORPHEUM IMMENSELY.

Now then, throw off that lazy feeling—

Take your pen in hand and tell—

EDITOR OF THE TRIBUNE.

OAKLAND, CAL.

How many seats you want, what afternoon you wish to attend, and if YOU ENCLOSE A STAMPED AND ADDRESSED ENVELOPE you'll receive the tickets by an early mail, but you must enclose this envelope.

That's not too much to do, STAY-AT-HOMES, especially when you think of the big return, for THE ORPHEUM'S bill this week is the best one they've had there this summer. Get that? THE BEST.

And all on your account, members of the APPROVED ORDER OF STAY-AT-HOMES; for the show people joined THE TRIB-

UNE in the right spirit and managed it so that their best performers would play OAKLAND just when our little theater party was due.

As you probably know, WILLIE is going to attend.

He isn't sure which afternoon he wants to go, but promises to let us know today. WILLIE had better hurry up. He's a privileged character to be sure, but he'd better get to work at once with pen, pencil or typewriter and tell us which AFTERNOON he wants to go—

WHETHER or NOT he is under 16—IF his folks take THE TRIBUNE—and if he is a regular member of the STAY-AT-HOMES. When he DOES send us this information, we'll send him the tickets right away.

HURRY UP, WILLIE; HURRY UP, EVERY WILLIE and EVERY ANNE, SEND YOUR NAMES TO THE TRIBUNE MAN, STAY-AT-HOMES NEAR, STAY-AT-HOMES FAR GETTING THEIR TICKETS FOR THE BIG JOY CAR; THEY'LL GIGGLE AND GUFFAW IN EVERY OLD WAY; WILL THE STAY-AT-HOME CROWD AT THE BIG MATINEE. WHEAT EASES OFF AS PLAGUE PALES IN STOCK MARKET

Reports of Rust in Northwest Not Supported by Further Proof

CHICAGO, July 15.—Wheat eased off today in the absence of any proof that the reports of rust in the northwest had been well founded. Generally fair weather in that direction tended to dispel fears concerning the plague. Weak cables counted, too, against the rust.

September wheat was down 1/8¢ to 85¢, a loss of 1/8¢. The market was quiet, with a few scattered orders. The market was quiet, with a few scattered orders. The market was quiet, with a few scattered orders.

TELEPHONES HE IS TIRED OF LIVING

Fear Fruitless Search for Work May Have Prompted Man's Suicide.

SAN FRANCISCO, July 15.—After searching for work for three days J. M. Miller of 2111 Hearst avenue, Berkeley, telephoned to his home yesterday that he was tired of living and fears are entertained that he might seek to put an end to himself. Mrs. C. A. Tibbitts, who lives at the same address, notified the San Francisco police today of the disappearance of Miller, who, she said, came to this city on Monday.

CAME FROM EAST.

BERKELEY, July 15.—Mrs. Corneilia A. Tibbitts of 2111 Hearst avenue has no further word today from her husband, J. M. Miller, who mysteriously disappeared after telephoning her that he was "tired of life." The police of the bay cities have so far been unable to get trace of him. Miller is 29 years of age and unmarried. He came here recently from the East, seeking work, and visited Mrs. Tibbitts, his only relative on this coast. Thursday he telephoned to her from San Francisco. He was in a despondent mood and had been unable to find work. He intimated that he intended taking his life. Since then Mrs. Tibbitts has had no word from him, though he was to make her home his headquarters while he was about the bay.

Mrs. Tibbitts is well known in lodge and church circles of this city. She was an early regent of Sierra chapter of the Daughters of the American Revolution and has been for years a worker in All Souls' chapel in North Berkeley. She was practically unacquainted with Miller until his arrival here but befriended him after he had come.

PHYSICIAN'S WIFE ATTEMPTS SUICIDE

Mrs. Lucy Irving Takes Poison on Street in Dying Condition.

Mrs. Lucy Irving, said to be the wife of Dr. William Irving of San Francisco, who is now in South America, is lying at the receiving hospital in a dying condition as the result of taking a large dose of poison on the door step at the home of Frederick A. Krohn, 79 Seventh street last night. She had gone on a visit to Mrs. Maggie Butler, daughter of Krohn, and on leaving took the fatal dose. Mrs. Butler, a cafe singer, accompanied her friend to the hospital, where she showed surprise over the attempt at suicide. "She is the last person in the world I would have thought would do such a thing," she said. "She has everything she wants, diamonds and an automobile." Mrs. Irving made an effort to hide the truth from her friends, but her statement as to why she had committed the rash act, other than to express regret that she had made the attempt, "I had known that I was no sufferer much I would not have done it," she said while in the throes of distress. Physicians give little hope for her recovery.

PROGRESSIVES WILL CELEBRATE BIRTHDAY

DES MOINES, Ia., July 15.—The first anniversary of the birth of the Progressive party will not pass unnoticed by the Iowa members of the party, according to an announcement made by J. H. Wylie of Sigourney, state chairman. Plans are under way for a number of district and county rallies on August 5, when the new party will begin the second year of its existence. Former Gov. Walter R. Stubbs of Kansas and a number of other noted orators in the party's ranks will be imported as speakers for this occasion. Gov. Stubbs will speak in Des Moines and at Marshalltown, probably making an afternoon address here unless the plans of the leaders are changed. Former Gov. Aldrich of Nebraska is slated as another birthday orator. George Pritch and Sheffield Ingalls, a son of the famous J. J. Ingalls of Kansas are two other speakers who will be assigned Iowa dates on August 5. The creation of a permanent financial organization will be undertaken this summer by the new party.

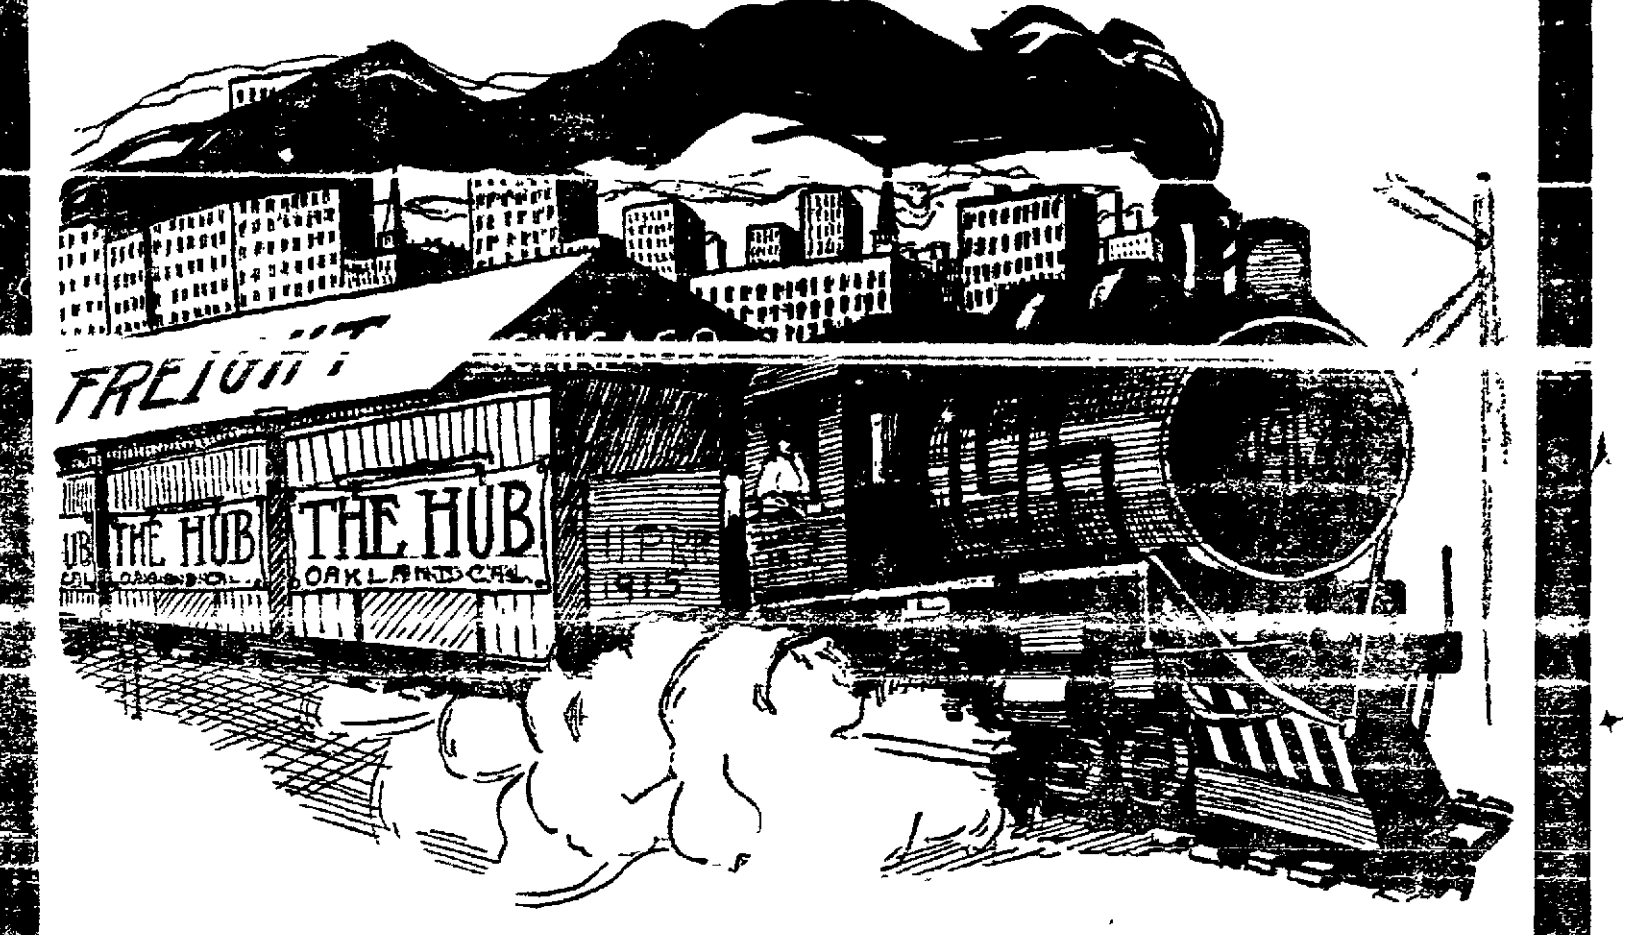

ILLINOIS SOCIETY "REMEMBERS BASTILE"

A French program was the feature of last night's regular open meeting of the Illinois Society of "Les Amis de la Bastille." The event was in the nature of a celebration of the Fall of the Bastille, which was observed Sunday and yesterday in all bay cities. An address on "French Explorers of the Mississippi and Illinois Rivers" was delivered by Pierre Fontaine. A number of mandolin selections were given by Dr. S. B. Fontaine. Vocal selections were rendered by Mrs. Alpha Gertrude. A musicale was given by Miss Virginia. The dancing of the "Parisian Fan Dance" was given by a short address in French. The "Marseillaise" was sung by Pierre Fontaine. The Illinois Society will hold their annual picnic next Saturday at Canyon Station, Redwood Canyon, on the Oakland and Antioch railroad line.

HUNGARIAN COUNT OWES HOTEL BILL

Count Andor von Cobaly, of Budapest Leaves Trunks in Limbo.

SAN FRANCISCO, July 15.—Down at the Palace Hotel they are holding the trunks of a gentleman who thus inscribes his name on the register. "Count Andor von Cobaly Budapest." He posed as a young Hungarian nobleman and his dapper appearance, his correct dress and his valet's automobile with chauffeur which he hired, and his acquaintance, formed while on the steamer enroute here from Seattle, caused him to be received in the bosom of society. Had a dinner not been planned in his honor by the Hungarian counsel he might not now be without his belongings but when the plans and invitations were being arranged for, it was discovered that he had been borrowing money from various places and that he had not settled his hotel bill. The dinner invitations were cancelled and yesterday he departed for the north without bag and baggage.

HUSBAND ACCUSED OF HEARTLESSNESS

Wife, Seeking Divorce, Declares He Didn't Regret Loss of Child.

Heartlessness on the part of a father is given by Mrs. Pauline Gruening as the cause of her suit for divorce which she has filed against Frederick Gruening. Plaintiff alleges that after their minor son had been drowned in the bay the father looked upon the corpse and remarked: "Well, we did not lose much." The couple were married in Des Moines, Iowa, July 10, 1902.

Alleging that his wife failed from the day of their marriage to care him, Frederick B. Gruening, who was wounded on March 26 last, has filed suit for divorce against Hazel Ann McNally.

Nettie Bell Harrington wants a divorce from James E. Harrington on the ground that he went out with other women. After living in Oakland for a short time, F. A. Seares ceased to pay attention to his family and finally deserted home in August, 1912, according to the divorce complaint of Marie J. Seares. The couple formerly lived in the Phillips.

COOK APPOINTED S. P. STOREKEEPER

Successor Named for H. C. Pearce Who Recently Resigned to Go East.

SAN FRANCISCO, July 15.—H. C. Cook, general storekeeper of the Southern Pacific Company at Sacramento, has been appointed general storekeeper for the Pacific system of that company, with headquarters in the Flood building. He succeeds H. C. Pearce, who resigns to become purchasing agent and general storekeeper for the Seaboard Air Line at Norfolk, Va. The change is effective July 17. Cook is well known to western railroad circles and has made an enviable record at Sacramento.

Mrs. Cook at Inquiry Concerned as to the Responsibility for the Collision between Train No. 8 of the Southern Pacific Company and a wagon at Merced on July 7, resulting in the death of a driver, C. A. Coffee, has found that the fatality was due to the failure of Coffee to heed whistle and crossing warnings. No blame is placed on the railroad company.

The board was made up of W. E. Landrum, a lumber dealer; W. B. Group, justice of the peace, and three railroad officials.
